Mary's Story: Another Lung Cancer Triumph

"I'm a 49-year-old woman and my cancer started when I was 17 years of age. And today I can finally say thank you to God and 4Life™ for giving me back my life. In February of 1999, I was diagnosed with cancer once again and this time it was in my lungs. I had decided not to take chemotherapy. I had already had two bouts of it aggressively and I didn't want it any more. And I opted not to take any of the cancer drugs. Then the cancer decided to attack my bones and spine.

In September, the doctors told me that my days were very limited. I had heard about Transfer Factor, and in October I had started taking it. My normal days consisted of 18 hours in bed. Walking and eating were very difficult for me. I ran high fevers constantly, with vomiting maybe 8 to 10 times a day. I had started taking Transfer Factor and Transfer Factor Plus in October.

Linda Holston and Dr. Rob worked together and they said to start out on 3 Transfer Factor and 2 Transfer Factor Plus, which I did. I began to see an immediate improvement, then when we received the press release from Dr. See, regarding the increase of the NK cells, I bumped up the dosage. I became ill again and Dr. Rob said to cut back down. I went back down and decided to increase daily, which I did. November the 18th, 1999, I went to the doctor and I received a phone call that evening telling me that every x-ray and every blood count test that they took was completely normal, and there were no signs of cancer.

I asked him if he was sure that it was my test and he said yes, and that everything had been tested four times by three different doctors. Today I have my life, my family and my son is going to have a mother that he is going to be able to grow up with. I thank Transfer Factor and all the doctors for everything that they have done, and I advise anyone who has any type of disease to get on Transfer Factor and Transfer Factor Plus immediately. And for children, keep them on Transfer Factor just as an extra protection with so many diseases around."

Breast Cancer Survivor feels energized after Transfer Factor™

"My name is Helen and I am a breast cancer survivor. I had to pace myself with every task I undertook. I wash my hair every day and always had to pause to rest while blowing my hair dry and I have very short hair. I went on Transfer Factor Plus™.

After 11 days, I no longer needed to rest drying my hair. On the 12th day I went to a wedding. I danced most of the evening and the only thing sore were my toes due the fact that I hadn't worn high-heeled shoes for so long.

Now when my partner and I take the dog out for a walk I really have to watch my pace because quite often I'll hear; "Helen slow down the dog and I can't keep up." I feel great and have energy to burn and friends now say I have a certain 'glow' about me."

Heart patient sees dramatic improvement

"In October 2002 I had a C-reactive Protein test (CRP) done to measure the level of inflammation in my artery walls after having read a number of articles indicating this type of inflammation as being the root cause of heart attacks.

My CRP reading was 7.9, with 8.7 being about the highest and worst one can have. This test showed I was at very high risk of having a heart attack. One physician I shared this with commented, in front of a large audience, that if my CRP reading stayed at that level, I was virtually guaranteed to have a heart attack.

From the day I received my CRP test results, to this day, I have consumed 4 TF Cardio daily. At the end of February, 2003, I had the CRP level checked again. In just four short months of consuming TF Cardio, I am now close to having the BEST level one could have, 1.1. The lowest and best reading on the chart is 1.0! I believe our TF

Cardio product most likely saved my life."

Fibromyalgia sufferer can sleep at last

"Fibromyalgia had taken over my life for approximately 15 years. Then I found out I had become extremely toxic to the medications, so I had to stop taking all prescription medications.

Then I received a call about Transfer Factor™ and after a lot of research I decided to give it a try. In less than 4 weeks I could sleep through the night and I could exercise with a lot less pain. My checkups have been symptom free. I had forgotten how good it feels to feel good again. Thanks 4Life for giving me my life back."

--Fibro Free, Pam - Wisconsin

"I was diagnosed with Fibromyalgia about 3 years ago and realized that I've had it for many years. I've been taking the (Transfer Factor) FibroAMJ™ Day-Time and Night-time formulas since May of 1998.

I am a totally new person. I'm back on my 5 mile walks again, and I can golf 18 holes and do my housecleaning. I also started on the BioVitaMins™ a couple months later. I'm not as tired and I'm starting to have a lot more energy. I think it's a wonderful program. I am very happy with what it's going for me. I can live again.

Severe allergies and psoriasis disappear

"I am a registered nurse, 64 years old and respect what medications can do. However, prescriptions were not helping my severe allergies or my psoriasis. Allergic episodes usually resulted in a mega-infection of bronchitis or a sinus infection.

My psoriasis did not respond to either of many medications. Both of these health problems are in the auto-immune category. I included 4 capsules of Choice 50™ and 3 Transfer Factor™ in my daily supplements.

Both the allergies and psoriasis have totally disappeared. Choice 50™ and Transfer Factor™ are a dynamic combination that have truly improved the quality of life."

--Doreen Lassiter

"I really am thankful for TF+. I have suffered for years with infections of various kinds. Yeast, bladder, kidney, and sinus infections just kept on popping up. I began taking Transfer Factor Plus™ 18 months ago. I have been basically infection free now for that long. At first I would get a mild infection but nothing like I did before.

--Karen T.

Feling better in 2 weeks than in the past 4 years

"Over the past 4 years, I have experienced chronic Bronchitis, sinus infections, ear infections and conjunctivitis. I started taking 3 capsules of Transfer Factor™ a day for the first 3 or 4 days and didn't really notice much. I talked to Dr. Rob, and he encouraged me to go to 9 capsules a day.

Due to the fact that I only had 1 bottle on me, I went to 6 a day. Well within 3 days I started breathing better, feeling more energy, feeling better than I had felt for 4 years. I have been on the Transfer Factor™ for 2 weeks and am taking 9 capsules a day and my health is back. Transfer Factor™ is the only thing that has been able to bring my energy level back up to where it is.

I am so excited about being able to help people with their health, but also being able to share a product that can help them with their wealth. To give them an opportunity to make a living doing something that is helping people. I am so excited to be involved with the people and the company. I appreciate all that has been given to me."
