Jeunesse Global Review – Legit Business or Big Scam?

November 25, 2014 by [Jesse Singh](#) — [311 Comments](#)

Welcome to my blog where I am going to walk you through what this company is all about. Before we get started, I just want to let you know I am not affiliate by this company at all.

In other words, you are not going to get a biased review like all the rest on the internet. I am going to walk you through the company, products and compensation plan so you can make the right decision.

In this **Jeunesse Global review**, find out if this company is legit or a scam.

Let's take a look at the company first

Jeunesse Global Review – The Company

Website: www.jeunesseglobal.com

This network marketing company was founded by Randy Ray and Wendy Lewis in 2009. Combined, they have a lot of experience in this industry and are known to grow huge organizations in the past of distributors.

They claim they are not a traditional network marketing company using old school strategies. The truth is, I didn't find anything cutting edge when it comes to growing this business. It still requires talking to family and friends and making a list. LOL, I will get into that later in this blog post.

But now, let's dive into the product line.

Jeunesse Global Reviews – The Product Line

The products range from nutrition to personal care. What this company is popular for is their skin care product called Luminesce.

This is their flag ship product and it's the product they believe is the best skin care product in the world. Well, every company is going to be biased :).

Luminesce is unique as it has a special formula that is patent pending to restore luminosity, firmness and give you smoother skin.

I personally haven't tried this, but I haven't seen a negative review about the product so that's definitely a good thing.

They do have nutritional products as well.

But their flag ship product is what people mostly buy.

Now that you know about the products.

Let's take a look at the business opportunity.

The advertisement features a dark grey background. On the left, there are three green checkmarks in small squares, each followed by a text item: 'No Marketing', 'No Recruiting', and 'No Technical skills'. Below these is the text 'Fill out the form below and see how!'. On the right, there is a graphic of a report titled 'GRAB YOUR FREE REPORT!' with the subtext 'GET INSTANT ACCESS TODAY!'. At the bottom right, there is a prominent orange button with the text 'Get Instant Access'. At the bottom left, there is a small padlock icon and the text 'We hate spam just as much as you do!'.

Jeunesse Business Opportunity Review

Like any network marketing company, when you sponsor a person into the business you get paid on the product pack they purchase. Personally, I love recruiting but it's one of the factors of failure in businesses and I will get into that later, just pay attention and keep reading!

Jeunesse Global has 6 ways to earn income:

- Retail Profit
- New Customer Acquisition Bonus
- Team Commissions
- Leadership Matching Bonus
- Customer Acquisition Incentive
- Leadership Bonus Pool

Instead of me explaining the compensation plan!

Why not let Jeunesse Global explain it:

As you can see it's a great way of making money. But this is where people have the biggest challenge.

Jeunesse Global Scam – Conclusion

There are some people that call this company a scam because they failed. I am here to tell you it's their own fault. This company is far from a scam and it's been in business since 2009!

The problem is people jump into network marketing with the wrong mindset. They believe they will get something for nothing.

The truth is you have to become a great people person and become a recruiting machine.

That my friend is the truth. So you have Two options.

Learn how to become a recruiting master or

do a home business that doesn't require recruiting.

I myself love recruiting and I have sponsored over 1400 in my primary business ALL

online. You see, once you learn the skill set it's pretty easy.

[This is the system I used to sponsor people online on auto pilot click here.](#)

Now for the people that hate recruiting

I have you covered. I have been experimenting with a business where I leverage eBay and Amazon to make me money. I have been doing this for the last 9 months now and I have personally banked over 6 figures using this method.

The beauty of this system is it's just copying and pasting from one site to another.

What I do is grab items off of sites that sell for cheap, I list them on eBay for a profit.

Once the customer buys my eBay item and pays me, I go onto the site where it's cheaper, place the order and ship it directly to my customer.

In all of this, I never have to handle the actual product. This is VERY powerful and in my opinion it's the quickest way you can make money from home without sponsoring a single person.

You know how you join a company and you never make a return on investment or you barely break even

With this, you can be in a profit within 24 hours and I am not even joking. Heck, I have seen people making a profit within 5 hours of getting started!

Anyway, I hope you enjoyed my Jeunesse Global review and if you are in this company, please share your experiences. How is the sponsoring part going for you? How is the product working for you? My readers would love to know.

NOTE: I am NOT in Jeunesse and there is a good reason for that

I was just sick and tired of recruiting people into a business so I took a different route

What I offer works hand to hand with any network marketing company or even Jeunesse because what I do personally doesn't require recruiting

You can click any of the links on this blog post to find out more or fill in the form below this blog post.

Bless And Be Blessed,

P.S. Stop struggling and start earning in the next 24 hours

- ✓ No Marketing
- ✓ No Recruiting
- ✓ No Technical skills

Jeunesse is not a scam. I'm a member here in the Philippines. I love the product reserve more than the luminesce since I am more conscious with my health. It really helps a lot especially in regaining my energy and whenever my asthma attacks. It actually helps in curing cancer, diabetes, parkinsons, and many more. It's not just about recruiting. It's also about the effectiveness of the product. Don't join a networking company if you don't believe in the product because that could be one of the reasons why you'll fail in the end.

Well we can't say it cures cancer, BUT i was talking to a man just yesterday, 4 years ago he was diagnosed with cancer and had estimated time of 2years to live, many ppl saw him bed ridden in the hospital, and he said when he signed up to Jeunesse he started to take 10 packs of reserve each day, out of desperation, and today he is walking, talking, looking fresh and shows his operation scar to all who doesn't believe his story. so it helped him. whatever it was the reserve wuth its reservatrol or the placebo effect he is alive past what doctors predicted.

Instantly Ageless is back and in a different style of packaging which is nice. The old manufacturer couldn't keep up to the demand for the product.

You are correct: I'm a qualified beauty therapist and I was given some products .

Firstly I don't endorse any religious certified product. Certainly not in the beauty industry that is female orientated . Seems odd to pay for a certification that endorses a religion that has the key fundamental base of domination and suppression of women.
