Extreme Coaster

Make your backyard a mini amusement park with this Step2 Toy Roller Coaster. This huge colorful kid's roller coaster toy is designed for preschoolers but still a hit with older children. Climbing the stairs to reset the ride helps to foster balance and develop gross motor skills while giving kids plenty of exercise during outdoor play. Durable enough to be left outside year round, this toy roller coaster will be an instant backyard hit. **Made in USA of US and imported parts from China.**

- The roller coaster toy's extreme colors and styling will excite children of all ages and encourage them to get outside and play
- The coaster's easy-entry car allows for balanced mounting and riding down the roller coaster's real track hill
- As kids push the coaster car up the stairs to the top of the roller coaster ride, they will build strength and coordination
- Kids will learn how to cooperate with one another as they take turns riding down the Extreme Coaster
- Maximum weight limit car can hold: 75 lbs. (34.1 kg)
- Bike helmets not included
- Check out our Step2 Moms (& Dads) in Motion [assembly video](#)* to see how this product is assembled
- Adult supervision, set up and assembly required
- Also available as a [combo](#)

* Many videos feature the old color palette of this item, which is no longer available. These videos still depict the fun play value this kid toy coaster provides.
