Starting the day with a grateful heart. Thanks to Nerium International the days of traveling everywhere in 2 vehicles are behind us. The A-Team will now be riding in 1 car as a FAMILY. ❤️

I earned my Lexus 10 weeks after joining the business. It was such a whirlwind that one could wonder whether it was for real. Terry and I watched the car bonus deposit into our account for the past 6 months. So, the answer is...Absolutely, Shriek, Jump, Can't Sleep, Checking our Driveway, Is Everyone Buckled, Yep it's Ours...REAL!!

It's hard to believe that this isn't even the best part. Now I get to help others achieve their goals, earn their car, change their own life. Nothing brings me more joy than encouraging others to dream. As I always tell my students, "The world needs your beautiful light, SHINE."
