Just wanted to share these before and after pics of Tim's psoriasis. If you know Tim, you know that he has suffered for years and we've tried every prescription cream, pills...everything. On June 14th I gave him the Jeunesse cellular rejuvenating serum. These are his feet as of this weekend. If you have psoriasis or eczema, please do yourself a favour and try this serum. You don't have to get it from me but get it from someone.
