RESERVE by Jeunesse VS. Stroke Heart Swelling – & Mr. Idris

Miraculously, his ct scan examination results improved condition, blood pressure is normal, mendari than 200/100 to 129/79, as well as headaches were gone

Originally on March 8, 2013, Mr. Idris was treated at the ICO because it had a stroke in the brain area as well as having a swollen heart. The conditions he experienced headaches constantly accompanied tensi high. Due to already 6 days hospitalized but his condition remains weak and has not changed at all, Mother Christine, his wife gave the RESERVE secretly through a hose attached in the nose wrote food as much as 3 x 1.

two days later, Mr. Idris a CT Scan to see if the bleeding gets expanded or not. Miraculously, his CT Scan examination results improved condition, blood pressure is normal, so yg had 200/100 to 129/79, as well as headaches were gone. The doctor was shocked, seeing the development of Mr. Idris yg so quickly. Finally submitted that Mr. Idris consume RESERVE. Dokterpun continues to recommend that RESERVE can proceed.

March 23, 2013, Mr. Idris was allowed home with the condition of the hoses had food and medicine could be removed. But Mr. Idris still drinking his RESERVE. Until September 2013, 6 months later, Mr. Idris was able to walk again.

Praise thanks to the Lord who blesses the health of Mr. Idris through the Reserve.
