It started on June 19, 2015...

When a beloved small town doctor was found dead in a Georgia river.

The man had been shot in the chest.

And just days before...

He'd spoken out against big pharma's ongoing campaign of CENSORING inexpensive treatments from the public.

[Treatments like this one...](#)

A natural way to combat Alzheimer's, Dementia, and memory loss...

And that's been proven to work in hundreds of double-blind scientific studies.

The news made me shiver...

But it was just the beginning...

Since then, more than one-hundred doctors have been found hung, shot, drowned, or stabbed across the U.S...

And they all shared one common belief:

Every single one of these doctors believed that there was a natural, affordable way to fight diseases like Alzheimer's.

That's why I writing you today...

[Click here now to see the memory loss breakthrough that's so powerful...these doctors were willing to DIE to share it with the public.](#)

That link takes you to a brief video explaining exactly how the discovery works...

And using it, you could see major results in a matter of a few short weeks.

Sincerely,

Mike Pinkerton The Cognition Coalition

P.S.

Just sending this email makes me afraid for my life too.

I have no idea how long this video will be up for...or if I'll be the next target.

I strongly urge you to not miss the opportunity to get the TRUTH now.

This breakthrough has been used by thousands of Americans already, with amazing results...

And I need your help to keep spreading the word.
