Testimonial how Kyani has helped with arthritis:

About one year ago in May, I was bedridden with rheumatoid arthritis, contracted from having water on my knees for six years. It affected me everywhere-- in my hands, wrists, arms and legs. I was a mess! It took doctors months to figure out what I had and I had to enable the help of crutches and a walker to get around.

Once I began using Kyāni, my pain went away. I started by using Kyani NitroFx topically to stop the pain that I had from the nodules from Arthritis. Later, Kyāni Sunset took all the inflammation away and for the first time in six years, the water on the knees went away never to return. I am a walking testimony of what Kyāni can do for you—Kyāni gave me my life back!
