I have been trying hard but the last test did not show any improvement. I told him I don't want to go on medication so he said he wil give me another chance to go on a diet or else I have to go on medication. One and half months ago I joined Agel and has been using Umi so this time at the check up with the doctor, he told me there is an improvement and there is no need for me to go on medication and will check again in another 2 months. My name is Shirley and I am Agel
