Zeal and diabetes!

A few testimonies!

I have diabetes and I take Zeal for Life with guarana. My doctor wants me to have insulin last year and I rejected it. I told him that I will do it the natural way. I religiously drink my Zeal and sometimes twice a day with a little exercise. After my lab test, my doctor congratulated me that I am in control of my diabetes. Zeal is the deal.

Sarah McGee My husband is diabetic and has an insulin pump. He takes Zeal with guarana once a day, and the amount of insulin he now needs per day is a little more than half of what he used to need! Just be sure to check your levels often in the first week or so, so you don't go too low!!

Sarah McGee My husband is also on the pump and takes the guarana...twice a day...and I believe we are throwing away more insulin than we are using now....but for sure keep an eye on your levels closely because it will lower you blood sugar levels...zeal is the way to go...I am looking forward to the day we can throw this pump in the trash!

Sarah McGee My husband is a Type II diabetic, taking insulin shots daily and oral meds, too. Within one month of taking Wellness drinks, his A1C levels are to pre-diabetic levels and he does not have to take insulin shots daily anymore. He does watch his levels very close though because sometimes they drop too low.
