Guys!!! I just copied this testimony from a friend...this is just amazing!!! This product is amazing!!! Those of you that have diabetes please read!!

(From my friend) I Just wanted to give a little testimonial for all of you with TYPE 1 diabetes or anyone you may be trying to share the products with who have type 1 because I have seen many more type 2 testimonials and not many type 1's.

After 2 months of being on Kyäni, my A1C reading today was 5.5%. For those of you unfamiliar with the term, it's a measure of the average amount of sugar in your blood over a 3 month period. Normal, healthy people are usually 4.0% to 5.6%. In my 17 years of being a type 1 diabetic, this is the best A1C I've ever had. Before starting with Kyäni, my last A1C was 6.1%, and I've never gotten it below 6.0% until today! I'm so thankful for these products and these results. If anyone has any questions please don't hesitate to ask!
