\*\*\*Testimonial \*\*\*

Kyani just made my day! Just knowing and witnessing what it has done for my grandma who is 102! She was put on Hospice and taken off a lot of her medications cause they didn't expect her to make it. She had a catheter when she was discharged home was pretty much unresponsive laying there in a fetal position on oxygen 24/7. We started her on Kyani 2/11/16 on 2/12/16 she was more alert praying and singing out loud, eating. About 10 days later she was eating by herself, her memory, vision and hearing improved, regaining strength, able to stand and take a few steps to transfer from bed to wheelchair, or chair to potty and only on oxygen at night. Now 3/8/16 less than 1 month on Kyani she is walking on her own with her walker. Lucy (my cousin) said that she had the biggest grin on her face and told Lucy she was sliding. LoL she meant she was cruising. Thanks Kyani for improving my Grandma's quality of life! I Live and Love Kyani!
