	sharmaassociates	
	As u know our body is like a tree, that sheds every year leaves, new one come	
	back, similarly our body become new in 11months, bones in 10 years except heart and brain, our body made up of protein, fat and regulated by vitamin and minerals, if v get all	I
	these thing, properly, ur body vI be sound, ageless, healthy up to 100 yrs, if, if not getting properly, short fall of all these thing vI bring diseases, early ageing, irreversible disease	
	like heart disease, diabetes, bp, even malignancy, good news, we can stop all these thing	
	by taking food supplements for all ages ,feel free for any query I am always at your service,my motto,stay healthy live longer
