Arbonne Baby Care (ABC)

For Eczema, Keratosis Pilaris or Everyday Use

These photo's were provided by two very happy mothers who saw amazing improvement in thier childrens severe skin conditions using the ABC range!

The incredible improvement of the Ecxema the baby on the right was suffering was acheived using the ABC Hair & body Wash, Baby oil & Body lotion for only 3 days!

3 year old Alex on the right had visited multiple Pediatricians who had told his mother Amanda the Keratosis Pilaris that covered most of his body and face was the worst they had ever seen, none of the pescriptions & lotions they tried had made any improvement but after just 3 days using Arbonne's ABC Lotion Amanda was excited to see a big improvement & started using the whole ABC range. After 6 weeks Alex's Keratosis Pilaris had been reduced by 90%!
