# Arbonne SeaSource Products - for psoriasis and eczema

December 13, 2010 at 9:56pm

Know anyone who suffers from psoriasis & eczema? The Seasource Products are healing & nourishing. Here are some great before/after photos of a client suffering from psoriasis and eczema. SeaSource really helped her! She used the whole line of SeaSource for 1 wk. In a bowl, soaked in 1/2 tsp of SeaSoak & 1 pump of 5-in-1 oil, for 10 minutes every day then rinsed & applied 24H Lotion. Throughout the day, when her hands were burning she used the Gelée for cooling. Also, used the Rescue Wash for the shower & hand washing at all sinks and results were in 1 week.
