DID YOU KNOW THAT THERE IS ONLY ONE DISEASE?

At our monthly Regeneration Class/Meeting, Jeff Smith always mentions that prior to his beginning to eat Sunrider foods, a large number of people came to him while he was working in the corporate side of Sunrider in Australia, and told him about the wonderful changes taking place in their bodies since eating the foods. Initially, he was extremely skeptical (being new himself), but likes to say that he heard reports of virtually every health related issue from "A to Z" (Arthritis to Zits) improving/disappearing. We got to thinking, and realized that over the past 11 years, since eating these marvelous foods, we too, have heard or experienced PERSONALLY everything from "A to Z"! Read our list, knowing that the underlying cause of all these conditions is MALNUTRITION! And know that our body is a miracle! When the body is fed whole, concentrated, properly formulated plant based foods, REGENERATION and BALANCE happens!
