Flavon Health shared Flavon London's post.

June 22 at 7:57am · 🌐

Very interesting talk in London by Prof Dinya.

(From 27mins 30 seconds in: the professor mentions the prevention of certain types of breast cancer)

My friend's mother has recently been diagnosed with breast cancer, she is now seeing positive results from taking Flavon. Just one of the many reasons why Flavon works for our health.
