Future Is Epigenetics And Better Health For The 21st Century
July 20 at 3:48pm · 🌐

Metastatic Colon Cancer
(source: American Anti-Cancer Institute) Futureisepigenetics.com. Reliv Nutrition is the best nutrition.

"...I live in Dodge City, Kansas, where I'm employed as a plumber and operate a small family farm. In June of 2003, I was diagnosed with colo-rectal cancer. During the surgery to remove that tumor, it was discovered that the cancer had spread and was at stage four; they found several tumors on my liver and cancer in my lymphatic system.
My first visit with the oncologist was unquestionably the most difficult day of my life. The doctor told me that the only thing he could do at that point was to treat me with chemotherapy in hopes of slowing the cancer down, but he made it very clear to me that it was only a matter of time before the side effects of those drugs would force them to stop the treatments and that there would be nothing more they could do for me. With a wife and two young daughters at home, I think the hardest thing to accept was that I would not be there for my family and live long enough to watch my girls grow up. Just a few days later, I was told about the Reliv™ nutrition and, out of desperation, I began taking the products, although my doctor strongly advised against it.

Three months after starting chemotherapy and taking my first Reliv™ shake, CT scans were done to see if there were any changes in the tumors on my liver. Amazingly, they could not find any cancer in my body. My doctor could not believe this had happened and even today, almost seven years later, he still cannot explain why the cancer was gone so quickly and why it has never returned.

There is no doubt in my mind that through answered prayer and superior nutritional products, my body was able to not only overcome the cancer, but continues to keep it from returning.

The greatest gift of all came just a few years later when I was able to watch our oldest daughter walk across the stage and receive her high school diploma. I was there when our youngest daughter graduated from the 8th grade and entered high school. And now I have the opportunity to share this incredible sense of hope with so many people. What a gift I have been given."

— Greg Hainer, Dodge City, KS
