Symmetry Genesis Testimonials

Symmetry's Genesis™ is incredible! Prior to its existence, my health was mediocre. A background of digestive issues kept me from eating lots of things I wanted to. Genesis has balanced my body to allow a strong foundation for health. My digestive issues are disappearing, my hair and nails are growing faster and longer than ever, plus my energy levels are amazing. Not to mention Genesis™ tastes unbelievable. I'm having a hard time drinking only a bottle a month; try like 3-4.

One of my clients was taking 18 different medications to treat pain. In 30 days she lost twelve pounds, has no more acid reflux issues and her blood sugar levels dramatically improved just by taking Genesis™ and Ultra Vitality™.

Beth, Minnesota

Prior to using the Genesis™, my allergies were going crazy. I also suffered from severe acid reflux, chronic back pain from degenerative disc disease, and I have Chronic Fatigue Syndrome from being so sick and never really getting well. When I started taking the Genesis™ I noticed the post nasal drip from the allergies was gone, the stomach problems were non-existent and the pain in my back subsided. I am able to go from sun up to 11 or 11:30 pm now without the afternoon doldrums. Thanks Symmetry, I have my life back.

I have been suffering from diabetes all my life. As I got older the symptoms got worse and I began to get swelling in my knees and could barely get around. My doctor told me that I had to lose weight, and get on a special diet that kept me from the things I loved to eat. I followed it exactly to the doctor's orders and still my blood sugar levels increased. I went from a blood sugar level of 156 to over 180. I had to start taking insulin shots. My daughter then introduced GENESIS™ and ULTRA VITALITY™ to me. She gave me a sample and I loved it! It tasted great! After using it for just one day I noticed a difference, I had more energy, and the swelling in my knees decreased. Now I have my blood sugar under control and I'm feeling good again. I highly recommend these two products to everyone.

I worked long hard hours when I was younger and the damage to my body didn't show until I was in my forties. I discovered, rather unpleasantly that I have destroyed my back, with tears in my lower lumber getting around

has been rather uncomfortable. Age has also found me visiting the bathroom several times each night. After I started taking Symmetry Genesis™ and Symmetry Ultra Vitality™, not only has my back pain decreased so that I no longer think about it at all, I find myself sleeping all night long without interruption. Another great, but unexpected result of taking these products, I lost 10 pounds!

One of my patients had colon cancer. I advised her to maintain Genesis™ but she stopped taking it when she felt better. After a month, her pain recurred. She went to her doctor and she was advised to undergo surgery. The surgeon never expected the result when they opened the colon it's so clean, no odor, no adhesion, and the biopsy result is cancer-free. The surgeon advised her to continue taking Genesis™.

My grand daughter introduced me to Symmetry's Genesis™ after I was diagnosed with breast cancer two years ago. I was in my late 80's and the doctors did not hold out much hope for me. I made it through both surgeries, had incredible energy, and had a rapid recovery time! I walk every morning, and I feel better than I did before I ever had cancer. I am cancer-free to this day.
