2010 Porsche Boxster Car Cover

🕒 September 12, 2016

Gilbert Miller

Gold Shield 5L

Detroit, Michigan

I keep my Porsche Boxster parked outside for most of the year so they take a pretty big beating with all the outdoor elements. I ordered a car cover from Carcover.com because my [[review_car-year]] wasn't going to be used for a couple months at a time, so I figured it might be a good idea to cover it.

After receiving my Porsche Boxster car cover in about 2 days, I was super thrilled to see the quality and thickness of this car cover. It seemed to do a very good job at protecting my 2010 Porsche Boxster and safely and securely installed on my Porsche Boxster in just a few minutes. Since I have a few relatives that own multiple vehicles, I know exactly what I will by them for this coming holiday season!

2010 Porsche Boxster Car Cover

🕒 September 11, 2016 👤 Lanie Pingul

★ Gold Shield 5L Toronto, ON

Talk about keeping up with the times! It is not too often that you find a company that knows exactly what is happening in the car industry and adjust their manufacturing accordingly. I had been shopping around for a car cover for my 2010 Porsche Boxster I had just bought and I was very impressed with my experience at CarCover.com.

Since me and computers are not best friend, I had to call for myself and see what the deal was on 2010 Porsche Boxster car covers . I was pleasantly surprised after talking to one of their helpful agents that it was in fact a perfect, form-fitting cover that was cut specifically for my Porsche Boxster. Now, a few weeks later, I am pleased to say that I am very happy with the quality and fit of my 2010 Porsche Boxster car cover. I definitely recommend this site! On top, shipping was free to Canada. 2010 Porsche Boxster Car Cover

🕒 September 10, 2016 👤 Robert Figueroa

★ Gold Shield 5L Burlington, VT

Living in the North of the country, I have to deal with very harsh winters, loads of snow and ice. In the morning, I always hated to have to spend 15 minutes de-icing my Porsche Boxster. I decided to look online for a solution and CarCover.com was it!

Using a car cover on my 2010 Porsche Boxster in the winter allowed me to avoid getting accumulation of ice on my windshield and windows. Though, not the entire Porsche Boxster was protected from icing because keep in mind it does snow a lot where I live, I was pleasantly surprised just how well my Porsche Boxster looked upon removing my cover every morning. Now, I don't need to scrape my windows anymore!

1984 Maserati Quattroporte Car Cover

🕒 September 12, 2016 👤 Joseph Gray

★ Gold Shield 5L Coatesville, PA

I gave my boyfriend one of these car covers for his birthday last year. He has an old Trams Am that I think he loves more than me. Buying a car cover might not seem like a very romantic gift. But trust me, he loved it.

I drive the car myself now and then, and I have to say, putting the cover over the Maserati Quattroporte at the end of the day, is really easy to do. I'm a small person, not very tall. This isn't a problem, the cover is easy to flip over the top of the car, and heavy enough to drop on the other side, meaning I don't need to reach over the top of the 1984 Maserati Quattroporte and pill it over.

The reason I bought a car cover from CarCover.com was the low price. And being such a low price, I wasn't expecting a very high quality product. You get what you pay for I thought. But I was wrong in this case. My new Maserati Quattroporte car cover is very well made, and you can see it is going to last many years. So this is proof that sometimes, you actually get more than you pay for. A very good buy, and a company that I recommend.

1984 Maserati Quattroporte Car Cover

★ Gold Shield 5L **Avon, IL**

When I started looking for a car cover for my 1984 Maserati Quattroporte, that I could use to keep it covered while I am away (I travel a lot on business), I first found a couple of cheap companies, selling one size fits all covers. I considered these, but in the end decided they didn't look too good.

I then found CarCover.com and within just a couple of minutes, new that this was an entirely different level of product quality. I duly ordered a car cover from them, and I was right, it is a great quality product.

1998 Mazda Millenia Car Cover

🕒 September 10, 2016 👤 Shawn Stranger

★ Gold Shield 5L **Avon, IL**

When I started looking for a car cover for my 1998 Mazda Millenia, that I could use to keep it covered while I am away (I travel a lot on business), I first found a couple of cheap companies, selling one size fits all covers. I considered these, but in the end decided they didn't look too good.

I then found CarCover.com and within just a couple of minutes, new that this was an entirely different level of product quality. I duly ordered a car cover from them, and I was right, it is a great quality product.

2003 Hyundai Sonata Car Cover

🕒 September 12, 2016 👤 Joseph Gray

★ Gold Shield 5L **Coatesville, PA**

I gave my boyfriend one of these car covers for his birthday last year. He has an old Trams Am that I think he loves more than me. Buying a car cover might not seem like a very romantic gift. But trust me, he loved it.

I drive the car myself now and then, and I have to say, putting the cover over the Hyundai Sonata at the end of the day, is really easy to do. I'm a small person, not very tall. This isn't a problem, the cover is easy to flip over the top of the car, and heavy enough to drop on the other side, meaning I don't need to reach over the top of the 2003 Hyundai Sonata and pill it over.

2003 Hyundai Sonata Car Cover

🕒 September 11, 2016 👤 Gary Nesloney

★ Gold Shield 5L **Houston, Tx**

The reason I bought a car cover from CarCover.com was the low price. And being such a low price, I wasn't expecting a very high quality product. You get what you pay for I thought. But I was wrong in this case. My new Hyundai Sonata car cover is very well made, and you can see it is going to last many years. So this is proof that sometimes, you actually get more than you pay for. A very good buy, and a company that I recommend.

1990 BMW 325i Car Cover

🕒 September 12, 2016  Mitch McCall★ Gold Shield 5L **Molino, FL**

I am a really fussy customer; I know I am. So when I say that I am completely happy with the car cover I bought from CarCover.com, you know it is something serious. Everything about this company has been exceptional from the get go. From the great advice they gave me before buying my 1990 BMW 325i car cover, through to the fast, free delivery.

It is not very often I find a company that I think treats their customers as well as they can, but CarCover.com is one. Great company, great product, great experience. Well recommended to everyone, the best in the business by far.

1990 BMW 325i Car Cover

I really didn't think my new car cover would be as good as it is. I mean, how impressive can what is basically a big plastic bag to throw over your car be? I'll put my hand up right now and say I was wrong about that.

This company has supplied me with something that is much better than I expected it would be. I bought my car covert to use for a couple of weeks while I was on vacation, touring. I wouldn't be parked in a garage overnight and wanted to protect my 1990 BMW 325i. This is exactly what the product did, and it did it well.

★ Gold Shield 5L **Corona, Ca**

I had bought a car cover last year from another company (who I won't mention here) and it was just junk. It lasted less than two months once the winter set in and the storms started. I wasn't sure if buying another car cover was a good idea after that experience. But I took a risk, and tried CarCover.com. It is such a better product than the first one I bought, it actually works, and it has lasted all through the winter and still looks as strong as the day it was delivered. A well recommended company in my mind. I love my new BMW 325i Car Cover

2015 Acura RDX Car Cover

🕒 September 12, 2016 🧑 Todd Deacon

★ Gold Shield 5L Leominster, MA

Last week, I noticed that my paint was starting to rust, and my 2015 Acura RDX might start letting water in if there was heavy rain overnight. So I contacted CarCover.com before it was too late, and they managed to provide me with a car cover that is actually made to fit my Acura RDX. Not just a generic cover, one of those probably wouldn't have worked for me, as the 2015 Acura RDX have a unique shape. So far, my new car cover has exceeded my expectations. Happy Customer!!!

2015 Acura RDX Car Cover

🕒 September 11, 2016 🧑 Erick Russell

★ Gold Shield 5L Bronx, NY

My Son just bought an 2015 Acura RDX. Unfortunately, there is no room in the garage for his car, as well as mine and my wife's. So we had to come up with a compromise. We extended our driveway, and made a small parking area. We built a basic roofed car port, and though this would be enough. But it wasn't. It only kept off light rain. Once the wind got up, it didn't work too well at all. So we bought a fitted car cover from CarCover.com. This has proven to work very well. So much so, we could have probably skipped building the car port for my Son's car.

2015 Acura RDX Car Cover

September 10, 2016 Betty Davis

Gold Shield 5L Omaha, NE

I remember using a car cover many years ago. It was just a cheap piece of plastic. It lasted until the first heavy storm, and then tore apart in the wind. So when I ordered a car cover from CarCover.com, I wasn't expecting much. I was quite frankly surprised when it arrived. It is a very high quality 2015 Acura RDX car cover, one that is very obviously going to last a good long time. It seems technology must have improved since I first tried using a car cover all those years ago! I recommend giving CarCover.com a try for the great products they sell.

2013 Lincoln MKT Car Cover

🕒 September 12, 2016 🧑 Todd Deacon

★ Gold Shield 5L Leominster, MA

Last week, I noticed that my paint was starting to rust, and my 2013 Lincoln MKT might start letting water in if there was heavy rain overnight. So I contacted CarCover.com before it was too late, and they managed to provide me with a car cover that is actually made to fit my Lincoln MKT. Not just a generic cover, one of those probably wouldn't have worked for me, as the 2013 Lincoln MKT have a unique shape. So far, my new car cover has exceeded my expectations. Happy Customer!!!

2013 Lincoln MKT Car Cover

🕒 September 11, 2016 🧑 Erick Russell

★ Gold Shield 5L Bronx, NY

My Son just bought an 2013 Lincoln MKT. Unfortunately, there is no room in the garage for his car, as well as mine and my wife's. So we had to come up with a compromise. We extended our driveway, and made a small parking area. We built a basic roofed car port, and though this would be enough. But it wasn't. It only kept off light rain. Once the wind got up, it didn't work too well at all. So we bought a fitted car cover from CarCover.com. This has proven to work very well. So much so, we could have probably skipped building the car port for my Son's car.

2013 Lincoln MKT Car Cover

September 10, 2016 Betty Davis

Gold Shield 5L Omaha, NE

I remember using a car cover many years ago. It was just a cheap piece of plastic. It lasted until the first heavy storm, and then tore apart in the wind. So when I ordered a car cover from CarCover.com, I wasn't expecting much. I was quite frankly surprised when it arrived. It is a very high quality 2013 Lincoln MKT car cover, one that is very obviously going to last a good long time. It seems technology must have improved since I first tried using a car cover all those years ago! I recommend giving CarCover.com a try for the great products they sell.
