### Health with Flavon

September 18, 2013 · 🌐

I heard about Flavon about 3yrs back. My mum was diagnosed with colon cancer, she started taking Flavon during and after her chemo and radio therapy. She has made a full recovery and I highly recommend this product.

I suffered from knee pain that restricted me from sitting on the floor or kneeling down. Upon taking Flavon for a few weeks my pain disappeared and the restriction I suffered with my knee movements too has gone. For years I suffered from neck and shoulder pain that I has to see an osteopath every few weeks which just gave me temporary relief. Since taking Flavon I hardly go see her.

Flavon is the best product that has come about. It has so many benefits for just a general wellness in our lives. - Rashmi .M
