Prabhush, i am feeling better than i have for the last couple of years. I want everyone to know about this incredible product that has helped me and Bhagadatta Dasa and my brother who had endocrinal cancer. Please do look into it, and if you want to purchase or talk personally to a consultant, let me know. There is no loss for you to talk to the consultant about your specific condition....there's only the possibility that your life could turn for the better.
