Body Balance Health Club

March 19, 2014 ·

Isagenix has brought so much richness to my life, changing lives has never been so rewarding! Receiving messages like this, simply warms my heart. Imagine suffering IBS for 15 years and on day 21 with Isagenix feeling like this.....

"Just wanted to share with you the difference in my life, since starting Isa 21 days ago.

I have suffered with IBS for over 15 years and it has given me many years of hell. My stomach would bloat so badly, people often thought I was pregnant. Insomnia was another horrible symptom, together with cramps and bad headaches. I would lay in bed at night, not being able to sleep and feeling incredibly uncomfortable, it was so depressing. I would get up in the morning & drag myself through the day, I felt like I had little or no energy and no desire to exercise. I had to be incredibly careful as so many foods set off bad attacks. Was usually badly constipated or running to the toilet! I tried everything from herbal cures, acupuncture, strong, prescribed medicine to homeopathy.....nothing worked!!!

Now.....my stomach is flatter, I have lost kilos and cms, I sleep deeply, have no headaches, lots more energy AND I can eat things I couldn't before. I am about to return to exercise and feel so much more positive about life in general!!!!"

If you want to turn your health around, msg me, Ang xx
