

Any parents have results with Autism & Reliv?

Barbara - posted on 12/12/2009 (no moms have responded yet)

I know a lot of moms who have had great results using a nutritional supplement.

I got to hear from a very successful pediatrician- Ivy Fischer in California who not only uses Reliv for herself (great story with her diabetes, cholesterol, asthma!!!!) she is sharing Reliv with everyone she loves and cares about. As a pediatrician she specializes with autism and has helped many children with that and a lot of other things. More and more medical professionals are seeing and sharing the Reliv difference!!! Reliv does not claim to cure, just help everyone live a better quality of life.

Until Monday (Dec. 14) morning you can call in and can catch the replay of this call!!!!!! Please pass this on too!
