You may always opt-out of receiving communications from us. To opt out of future e-mail communications from Revitaline Skin, please email [Skincare@RevitalineSkin.com](mailto:Skincare@RevitalineSkin.com) or contact us at 888-880-5117, 24 Hours a Day, 7 Days a Week.

## **Security of Information**

You can be assured that personal information collected through the Website is secure and is maintained in a manner consistent with current industry standards. The importance of security for all personal information associated with our subscribers is of utmost concern to us. Your personal information is protected in several ways. Your personal information resides on a secure server that only selected Revitaline Skin employees and contractors have access to via password. In order to most efficiently serve you, credit card transactions and order fulfillment are handled by established third-party banking, processing agents and distribution institutions. They receive the information needed to verify and authorize your credit card or other payment information and to process and ship your order. Unfortunately, no data transmission over the internet or any wireless network can be guaranteed to be 100% secure. As a result, while we strive to protect your personal information, you acknowledge that: (a) there are security and privacy limitations of the internet which are beyond our control; (b) the security, integrity, and privacy of any and all information and data exchanged between you and us through this Website cannot be guaranteed; and (c) any such information and data may be viewed or tampered with in transit by a third party. Moreover, where you use passwords, ID numbers, or other special access features on this Website, it is your responsibility to safeguard them.

## **Passive Information Collection**

As you navigate through a website, certain information can be passively collected (that is, gathered without you actively providing the information) using various technologies and means, such as Internet Protocol addresses, cookies, Internet tags, and navigational data collection.

This Website may use Internet Protocol (IP) addresses. An IP Address is a number assigned to your computer by your Internet service provider so you can access the Internet and is generally considered to be non-personally identifiable information, because in most cases an IP address is dynamic (changing each time you connect to the Internet), rather than static (unique to a particular user's computer). We use your IP address to diagnose problems with our server, report aggregate information, determine the fastest route for your computer to use in connecting to our Website, and administer and improve services to our consumers. A "cookie" is a bit of information that a website sends to your web browser that helps the site remember information about you and your preferences.

"Session cookies" are temporary bits of information that are erased once you

exit your web browser window or otherwise turn your computer off. Session cookies are used to improve navigation on websites and to collect aggregate statistical information. This Website uses session cookies.

"Persistent cookies" are more permanent bits of information that are placed on the hard drive of your computer and stay there unless you delete the cookie. Persistent cookies store information on your computer for a number of purposes, such as retrieving certain information you have previously provided (e.g., username), helping to determine what areas of the website visitors find most valuable, and customizing the website based on your preferences. This Website uses persistent cookies.

"Internet tags" (also known as single-pixel GIFs, clear GIFs, invisible GIFs, and 1-by-1 GIFs) are smaller than cookies and tell the website server information such as the IP address and browser type related to the visitor's computer. This Website uses Internet tags. "Navigational data" ("log files," "server logs," and "clickstream" data) and "Internet Tags" are used for system management, to improve the content of the site, market research purposes, and to communicate information to visitors. This Website uses navigational data.

## **Links**

This Website may contain links to websites of third parties not affiliated with Revitaline Skin. This Privacy Policy will not apply to these third-party websites and the Website is not responsible for the privacy practices or the content on any of these other websites, even where these third-party sites indicate a special relationship or "partnership" with the Website. We do not disclose personally identifiable information to those responsible for the linked sites. The linked sites, however, may collect personal information from you when you link to their site. This collecting of information is not subject to the control of the Website. To ensure protection of your privacy, always review the privacy policies of the sites you visit by linking from this Website.

## **Changes to This Privacy Policy**

This Privacy Policy may change over time. We will notify you by e-mail to the e-mail address associated with your account whenever we make any substantive changes to this Privacy Policy. If you do not accept the changed version (for example, if you do not approve of a different way that we intend to use personal information) you may let us know by letter or e-mail. If you do not respond with any objections, we will assume that you consent to changes in the Privacy Policy. Changes will not apply retroactively to personal information that was collected before the changes to the Privacy Policy, except as may be

required by law.
