

I have tried many different types of Prenatal vitamins. I decided to try the Vitality Pack for Women in November of 2011. I figured why not try it, it is much less expensive than what I had been doing. Within one month, I had a regular menstrual cycle which continued once a month for 4 months. I then got pregnant in the 5th month. Although that ended in miscarriage, taking the vitamins made all the difference. I am continuing to take them to regain my health and hopefully have regular cycles again. I may take the other supplements eventually, however saw such great improvement in my health from just taking the multivitamin and calcium supplements. Thank you for offering a solution for having minerals and vitamins absorb so much better into the body.

Kim & Everett Kvamme, Customer, Preferred Customer Since 2012

I was one of those people who was always saying "I'm so tired". For too many years, my work, family and life in general suffered from my lack of energy. I took a nap every chance I got but never felt rested and when I couldn't get some rest, I was barely functioning. I used to tell my mother that with all I managed to get done feeling this way, if I had "normal" energy, I'd be a powerhouse. At the time, however, that was only a dream. I took vitamins for years, since doctors recommend them, but never felt much difference. When I heard about Vitality vitamins, I was skeptical, but couldn't argue with the 90-day money back guarantee. At least I could get a refund when they didn't work any better than anything else I'd tried, I told myself. Now, over 18 months since first trying the Vitality 4 pack, I truly am a powerhouse. I can give my work the attention it requires, and my family has a mom with the energy to keep up with them - even going on 5 camping trips this summer! And I can do the volunteer work that I have always wished to do, which means serving on 3 boards and acting as a room parent at my children's school. Today, I take the Vitality 6 pack and not only has my life improved, it has expanded. I have so much more of myself to give to others. It wouldn't have ever been possible without the marvelous and near-miraculous Vitality vitamins and supplements. Thank you, Melaleuca!

-Kelli Goldin Preferred Customer Since 2009

I had a stroke on July 2008 and half of my right body is paralyzed. I've been to many therapy but the recovery is so slow and after six months the pain in the chest was getting worse. So many medications have been prescribed and most of them are very expensive. A Wellness Clinic gave me supplements for the heart but still the chest pain is so severe. A heart specialist doctor told me that I needed to have an open surgery however I don't have money or even insurance and there's no way I could afford it. So I just trusted the Lord knowing that He knows my very life and God's plan is always the best. UNTIL someone introduce Melaleuca to me on April 2009 and I enrolled on that month with Provex CV and Vitality 4 only because I don't have enough money to buy the Vitality Total. In just 2 weeks of taking the Oligo I feel much better in my chest pain which used to be 5 to 6 times severe pain in a day; and feeling good and energized. When I received my first commission I bought the Vitality Total 50+ and since then the pain in my chest is getting lesser and in 3 days straight I don't experience pain; until now almost no pain at all. I can lift my right arms high now without pain and now I'm back driving a car and feeling good, energized and as a testimony to other patients that health issues can be reversed by taking Vitality with Oligo. I praise the Lord for Melaleuca. Thank you so much Melaleuca and I would never trade this Oligo vitamins to anything else. From 13 medications, now down to the last 2 medications, until totally no medicines at all soon. Thank you again Melaleuca for Oligo.

-Lou & Filipina Calipusan Preferred Customer Since 2010

I have more energy than before, my arthritis is not acting up and I am hoping that it is gone for good. I can actually go outside with my kids and run around the yard and play with them. I can do my exercises, photography and my gardening without having to take a break, also. I never would have thought that vitamins would do anything like this. I love the Oligo Vitamins and will be taking them for the rest of my life and I will continue to tell everyone I know about them.

-Sonya George Preferred Customer Since 2010

I love the vitamins! I chose to stay home after having our last child and I found that I was very tired all of the time from lack of sleep at night and chasing kids all day. I was taking prenatal vitamins when we found Melaleuca and then I tried the Vitality Pack with Oligo. The vitamins changed my life. I have more energy now, than I have had in years, my hair is thicker, my nails are stronger and I just all around feel better. I notice the difference if I don't order in time and run out for a couple of days. I never want to be without my Oligo vitamins. I want everyone to try them!

-Trisha & Jeremy Smith Preferred Customer Since 2010

My wife and I got married in January '08. We had our first child 9 months later, and our second one 13 months after that. She is due now with a third - 13 month after our second. I take care of the kids a lot. When I don't take my vitamins I feel it. Just the other day in the afternoon I was trying to figure out why I was feeling so exhausted. I realized I did not take my vitamins that day. I took them right away and I was good until I am. Absolutely incredible.

-Esther & Yissi Freeman Preferred Customer Since 2009

My husband and I are taking Vitality vitamins I have noticed a big change in both of us especially with the energy. Thank God Melaleuca is so great with their products. I love it. The cap is easy to get off great for me with arthritis. I'm very happy with my vitamins. They are easy to swallow and I never forget them. They are absolutely the best I've ever had. Thank You Melaleuca. Everyone should try the vitamins. Vitality certainly has been great for me. Great Job.

-Alice Preferred Customer Since 2010

Before taking the Vitality vitamins I was always tired and wanting to nap. I couldn't sleep at night and stayed sick with any cold that came my way. Since I started taking the vitamins 6 months ago I have had more energy, sleep like a baby at night and haven't had the first cold or sickness. My blood pressure that was once high is now normal. My skin looks better, my hair is healthier and I just feel better!! I also take the Vitality Cold Water Omega 3's and the benefits I've seen while taking those are enormous. My husband, who is very skeptical, decided to take the men's Vitality vitamins and now cannot live without them. He asks me each month "Don't forget to order my vitamins!". I love that Melaleuca and their products have changed our lives.

-Virginia Raley Preferred Customer Since 2010

In 2004 a friend of mine suggested Melaleuca products to us. Our 5 year old daughter had just been told she had a weak immune system. We never thought these products would change our lives. However they did! Since we have been on Oligo vitamins our daughter has not been sick with 1 major illness and our entire family has been able to be free of perscription drugs for allergies. What a blessing Melaleuca has been to us! Thanks Melaleuca for such incredible products!

-Rob & Kelli Peterson Preferred Customer Since 2006

After being introduced to the Melaleuca products, I chose to try the Women's 50+ Vitamins. One word, AMAZING! Not only did I notice on the second day that I actually wasn't feeling fatigued, as was my normal. Way to go & THANK YOU!

-Deana & Roy Morris Preferred Customer Since 2013

I have been taking the Oligo vitamins for almost 2 years, and have seen great results. Last April, I started my boys on the Koala Pals vitamins and they LOVE it. Recently, we all got sick. My oldest had flu-like symptoms, no energy, and could not keep anything down. The only thing that kept my son going were his Koala Pals vitamins. It gave him the necessary nutrients to keep him going. We are an Oligo family and every time I share Melaleuca with others, I stress the importance of taking the 90-Day Challenge. Oligo has been a saving grace for our family. Thank you, Melaleuca.

Tester tried the product for the first time and he said that he has much more energy during the day. That he no longer finds himself dosing off at work.(Canada)

Preferred Customer Since 2008**

I ran out of my vitamins in mid February; it is now March 5th and I am feeling the difference from not taking the vitamins. The packets give me everything I need for health and energy.

**Karyn A Simpkins
Preferred Customer Since 2008**

This is the only vitamin pack that works for me. Have tried all the others and nothing compares to this product.
