

Charissa Keever

About me

I am a mother of 8 children. My husband has always provided well for me to stay home with them and live comfortably. I love camping, being outdoors, movie nights with my kids, reading and learning about ways to improve my health and life and that of my family. I look forward to Monday nights which we set aside for activities and spending time as a family. Helping and serving others brings me much satisfaction and joy, hence why I am excited to be an IPC with Morinda! We call ourselves the HOT team because we are Helping Others Today, and we want to launch because we are on FIRE!

My Story

I was first introduced to Tahitian Noni® Juice by my mom, who for years, faithfully drinks 2 ounces every day for joint support. Now 77, my mom continues to be very healthy and active, having found that TNJ is the only product she has tried that has benefitted her so greatly. I saw what it was doing for her, and started drinking TNJ several years ago—as well as my eight children beginning in their infancy. I have found that TNJ helps my allergy response system, especially with timothy hay and other seasonal allergies. TNJ is also good for animals, including my rabbits, chickens, cat, dog and horse. The Lord has blessed us with this wonderful fruit which helps our cells provide goodness to our bodies wherever needed. I want to share it with others because I know it can maintain health and quality of life for anyone.
