

I have tried many different types of Prenatal vitamins. I decided to try the Vitality Pack for Women in November of 2011. I figured why not try it, it is much less expensive than what I had been doing. Within one month, I had a regular menstrual cycle which continued once a month for 4 months. I then got pregnant in the 5th month. Although that ended in miscarriage, taking the vitamins made all the difference. I am continuing to take them to regain my health and hopefully have regular cycles again. I may take the other supplements eventually, however saw such great improvement in my health from just taking the multivitamin and calcium supplements. Thank you for offering a solution for having minerals and vitamins absorb so much better into the body.

Kim & Everett Kvamme, Customer, Preferred Customer Since 2012

I never took vitamins, and quite frankly I thought I was getting all that I needed through a healthy diet. When I became a customer in May of 2011, I immediately wanted to try the Vitality for Women. I noticed a difference within a week. Since I was traveling I had to be without Oligo for 6 days, it was the hardest 6 days of my life! I have had more energy and not been sick since I started taking Oligo. I have since changed to the Prenatal Vitality Pack and have noticed that in my first trimester I feel wonderful! I owe it all to Oligo. Now that I know what it can do, I never want to live without it!

-Katrina Preferred Customer Since 2011

I became a Melaleuca customer and started the Vitality Pack 1 year ago this month. After just 3 days on your vitamins, I felt much better and didn't feel the need to nap every afternoon. After 1 month, I noticed that my headaches were happening much less frequently (it took several weeks because I was afraid to be hopeful and believe it!), and my leg aches were reduced to just 1 day a month! Plus, I've gotten about 4 sinus infections a year since I was a teenager, which I could not resolve without antibiotics. Now that I've been on the vitamins for one year, I have had NO sinus infections or subsequent antibiotics! I am so thrilled and passionate that you need to try them!

-Beth Klausing Preferred Customer Since 2010

I started taking Melaleuca Vitamins 12 years ago at age 52. I am now 64 and have the same, if not more, energy AND better health than in my 40's! I haven't had a cold in over 10 years, I can still run UP the stairs (and purposely do!), I can cut the lawn, walk the beach, ride my bike, and hike with my sons (both in their 30's). Many people are amazed when I tell them my age, and some even guess I'm in my late 40's. Now that's saying something! I attribute it ALL to the Vitality Pack 50 +. I convinced my wife to take these powerful, life-changing vitamins over 6 years ago and she will tell the same story! THANK YOU MELALEUCA for giving us, in 2 simple daily packets, a veritable "time machine" that literally takes us back to the vibrant health and vitality of our youth!

-Michael and Rosalba Maietta Preferred Customer Since 2000

With these Vitality vitamins powered by Oligo, I have had such a good and healthy progressive level of energy. It is amazing to have such a feeling right from the start of taking these vitamins They have had such a impact on my well being. Before it was quite a challenge for me to muster up any energy to do the simplest of everyday chores. It has become much easier with the amount of energy that they give me. I let every one that I touch to truly understand that What they have done for me, can truly be a testimony of how powerful it is that these Vitality vitamins can also help them, I always have more than ample energy as well as much more alertness all along the stream of everyday life events. If what I have learned about these vitamins can be informative to others, it is my mission to go forth to do just that, because anything that makes an impact in my life; is a reason to share with others...

-Jane Murrieta Preferred Customer Since 2009

I started taking the Vitality Pack +50 and within a week, I felt 100% better. I lead a very busy life and was always tired. I now wake up with more energy every morning. I get so much more done during the day and I feel energetic while doing everything. Right after becoming a customer, my vision became blurry and I could not easily read small numbers in the telephone book. I muttered because I didn't want to take the time to go to the optometrist and I didn't want to have to pay for a new pair of glasses. I started the Nutraview and within a week, I could read the same numbers again. I have taken Nutraview for 2 months now and will never stop the vitamins or the NutraView. I am so impressed with all Melaleuca products but the vitamins there are truly none others that can come near the quality.

-Nancy Kirschberg Preferred Customer Since 2012

I became a Melaleuca customer in July of 2011 at age 21. I have always had a terrible immune system and coupled with asthma, I was the first one to catch anything going around. I have had pneumonia twice, the nora virus, bronchitis a few times, and I cannot count how many colds I've had. My academics suffered and I didn't really know what it was like to be truly healthy. My first order included the Vitality 4 pack along with everyone thereafter. For a whole year I did not get sick once. Anyone who knows me will tell you that hasn't happened once. I got married this August and in the stress and busyness of planning I stopped taking my vitamins. Next thing you know I'm in bed with a respiratory infection and a high fever instead of enjoying the white sandy beaches of Jamaica on our honeymoon. Needless to say, I won't make the mistake of forgetting to take my Oligo vitamins again.

-Brandon & Danika Porter Preferred Customer Since 2011

I have been taking Vitality for Life now for going on 14 years. When Vitality the pack Powered by Oligo was announced, I have noticed the health benefits with the Oligo technology. Better sleep (less sleep actually), better mental acuity, just plain feeling great! Thanks Frank for your vision & passion in enhancing lives! Thanks Melaleuca for being such a GREAT company!

-Chris & Brian Weed Preferred Customer Since 1999

I have taken the Prenatal pack since October 2011. With being pregnant with my son and then after the delivery of my son, I can tell you that I notice a BIG difference when I forget to take my Melaleuca vitamins or I run out. These vitamins are a life saver.

-Amy & John Vonderchek Preferred Customer Since 2011

I had my son in March. I was soooooo extremely exhausted! On top of my son, we have a daughter in the terrible two's. She isn't that terrible, but she is a toddler nevertheless. So, I started with Melaleuca in May and began taking the prenatal pack. I don't know when I started having energy but one day I realized that I wasn't falling asleep during the day anymore, or being cranky and having postpartum depression. I drink the Sustain sport in the morning when I wake up to give me a quick energy boost. Then for breakfast I take my vitamins, usually with a fruit shake. Mind you, I have tried the hospital prenatal, Flinstones, and store bought prenatal...the list goes on, but nothing is like Melaleuca's vitamins! NOTHING!

-Tameka & Nate Gillett Preferred Customer Since 2012

I was anemic for most of my life, and tried different iron supplements. Eating iron rich food was not sufficient. When I tried Melaleuca Vitality supplement for women, I noticed a great difference within the first few days. I was no longer lethargic, my energy level improved and most important of all no more anemia.

Tester tried the product for the first time and he said that he has much more energy during the day. That he no longer finds himself dosing off at work.(Canada)

Gloria L. Bethelmie Preferred Customer Since 2008

I ran out of my vitamins in mid February; it is now March 5th and I am feeling the difference from not taking the vitamins. The packets give me everything I need for health and energy.

Karyn A Simpkins Preferred Customer Since 2008

This is the only vitamin pack that works for me. Have tried all the others and nothing compares to this product.

Teresa Soto Preferred Customer Since 2007
