

"Can't Function Without This"

Terry & Bruce Pearson | CASTRO VALLEY, CA

"I am in a perimenopausal state in my life. I started to develop symptoms and did not realize that i was experiencing depression. I wanted to just either sleep or not do anything. I didn't want to be around people, even my family. I didn't want to go to work, nor do any daily chores, errands. I saw my holistic practitioner and showed him my Luminex. He said it looks like an excellent product, just take more. So now I take 2 in am and 2 in pm. I feel 100% better. I love this product and cannot live without it!!!"

"I'm feeling better than ever!"

Dawn Brauckhoff | GLEN BURNIE, MD

"I was skeptical but hopeful. I wanted to save money and try something safer and Melaleuca's products have proven themselves to me before. I was literally on two antidepressants before starting Luminex. Now, I'm only on Luminex up to three times daily, Vitality 4 and Unforgettables. I'm doing better than ever! "

"Thank you Melaleuca"

Lisa Steinke | BOTTINEAU, ND

"After I started on the Vitality 6 and realized how fantastic I felt and started to notice the other health benefits, I thought Luminex would be worth a try. I have never felt better in my life. My mood is brighter and more stable, I sleep better, I have much more energy. I am very thankful for this product. "
