

"Life is brighter"

Kelly & Chad Coda | PITTSBURGH, PA

"I have suffered from an anxiety disorder for years. Although I take a daily medication to help with the depression and anxiety, most days I still just feel lethargic and not very clear minded. Against doctors suggestions I have refused an increase in medication or adding another medication on top of what I currently take. 2 months ago I decided to purchase the Vitality for Women Multivitamin...it has been LIFE CHANGING FOR ME!! I am sleeping better at night, waking feeling happy and refreshed and ready to start the day! LIFE IS BRIGHTER for me!!! I am enjoying life so much more now, I have a clearer mind and feel all around better as a whole. I am SO thankful for the changes that Melaleuca has brought into my life and into my home- I am finally able to enjoy life again without massive amounts of medication!!! :-)"

"Extra boost for long days"

Martha Hall | ENNING, SD

"I need the extra boost to stay energized for a long day of work. My Mother is heading for 92 in a couple months, and has been taking Melaleuca since about 1988, her energy is amazing to many half her age! "
