I'm going better these days it's only of a morning that I have a hard time getting my hands to work but it will be some time before I do much traveling because the back is inclined to play havoc and I'm not getting myself in an invalid state that's not for me I've had bad back pain all my working life living with pain is nothing new for me but [mannatech](#) has been a god sent the arthritis is the worst pain I've ever had but now it's on the run and I know that God has a plan for me and [mannatech](#) is the path way to get me through that plan Amen
