

I am a 36 year-old single mom who has an active 2 year old little angel. With the last 2 years a lot of personal issues made my life very stressful and in turn took a toll on my blood pressure. My blood pressure had risen to the 140/90 range; the pre-hypertension stage. My doctor was ready to put me on blood pressure medication. I didn't want the side effects of any medication and decided to change my life and join Melaleuca. I purchased the Heart and Health Vitality 6 and my next doctor's appointment my blood pressure had gone back to normal 120/66. Melaleuca saved my life!

-Latisha Power Preferred Customer Since 2009

For the last four or five years, my energy level was very weak. I struggled with my day to day responsibilities at work, home, and school. My stress level was very high. The vitamins I was originally taking were not giving me the energy I needed to accomplish my daily responsibilities. Since I began taking Oligo Vitality 4, I have so much energy. My Oligo testimony has helped me with the customer's I have referred. Some of the customers I referred told me they have never taken any supplements, but when they hear my testimony, they want to try Oligo. I'm so grateful, first to God and then to Oligo, nature's way.

My mother is 82 years old and has always been a faithful user of Centrum Silver. At least once a year, for the last 8 years that I've been a Melaleuca Customer, I've tried to gently introduce the possibility of switching brands. I've explained the membership, the science behind the product, the preferred pricing, the fact that this is the company that has made it possible for her lovely daughter to keep a roof over her head and not worry about how she's going to retire; and for pet's sake, if nothing else, because her daughter asked her to just try them! The answer was always NO. She said that if it was any good 1. her doctor would recommend it or 2. It would be advertised on TV. I had given up convincing mom, but my sister, Sam, pleaded with her to take them. She said she was going to give it 2 months but not expect her to like them OR continue taking them. Right there I felt we were fighting a lost cause. The mind is a powerful force. It's like a reverse placebo. If you think something works, it does. That's why all those people selling ineffective vitamins claim they feel so good. But I also know this: If you think something won't work or you DON'T want it to work, it won't, even if it IS effective. My sister set her up with the 50+ pack and I stayed out of the conversation. Well wonder of wonders, I am talking to my mom toward the end of the 2nd month and her voice...It was like she had regained her youth. No more faint, dragging weak tone. I said, "Mom, you sound terrific". She said, "Well I don't want to admit this, but I think it's those vitamins. I think I'm going to try them for another month." That was over 6 months ago. I want to thank Melaleuca for making such a quality product and I want to thank my sister for picking up the ball that I dropped. Sharole Beckman Your Loyal Customer FOR LIFE

Since being diagnosed with Fibromyalgia, I have had a pretty rough go at having the health I used to have. Since taking the Vitality Pack, I have not felt the need to take naps mid-afternoon. I can get through the days easier and the Vitality Pack with Oligo has definitely put me on a road to improved health. I also take Replenix Extra Strength for my joints, and I can say, without these two products, most of my days would be spent in bed. There have been times that I forgot to take my vitamins a few days in a row, and I can say...I definitely felt the decrease in energy and the increased joint pain. I love Melaleuca for what they stand for and all that they help me have better health!

-Teresa Avila Preferred Customer Since 2004

I'm currently 6 months pregnant with baby #3. Having a 4 year old and a 2 year old alone is tiring, but being pregnant too? During the heat of summer? I'm not sleeping well. Baby is keeping me up, and running around after my boys is a fun, but tiring job. My memory isn't all that great (it's easy to get distracted with 2 young kids and a house to run), and when I forget to take my Vitality Pack, my body tells me. I'm needing a nap before lunch time, really hitting a wall, and then I stop and think: "wait, my Vitality Pack!" I take it with lunch, and by the time my youngest is down for his nap, I'm back to normal again. I always took my Vitality Pack before this pregnancy too, and it helped while nursing my boys and working full time. Before Oligo, the Vitality Pack worked great, but now it is AMAZING, and I honestly can NOT live without it. I also SWEAR by the Replenix Extra Strength. I've been in 2 car accidents, and at 31, have the warning signs of arthritis in my back, hips and knees. I've been a customer for over 11 years, and I will be a loyal customer for the rest of my life, even if only for the difference that Oligo has made in my life.

-Dinnae Galloway Preferred Customer Since 2008

I began taking the Oligo Prenatal vitamins after being unable to tolerate over-the-counter and prescription brands. Honestly, I was very skeptical. To my surprise, the Melaleuca prenatal vitamins with Oligo were the only vitamins I could take. I discussed them with my OB/GYN and he asked if he could see the labeling. Stunned, he asked me how I was able to get a vitamin with all the right ingredients and levels without a prescription. Having his endorsement gave me a lot of confidence. I had a very difficult pregnancy and I attribute Melaleuca prenatal vitamins with Oligo to the birth of a healthy baby boy. Thank you from the bottom of my heart!

-Kimberly Mitchell Preferred Customer Since 2009

I began taking Vitality vitamins because I never have any energy! I couldn't wait for my son's naptime everyday, because that was also becoming MY naptime. After getting up around 4:30-5am everyday, I was completely exhausted by 2pm. I am a Mother of 2 young children, business owner and Licensed Massage Therapist and a Nurse working full time. I love staying busy, but I didn't really have time for a "nap" every afternoon. So, a friend of mine told me just to "try" the vitamins. I immediately felt a difference for at least 3 weeks, when I thought, "oh, do I really need to take these vitamins?" So, I stopped taking them for 3 days. Oh my goodness! I noticed that I, once again, was begging for my son's naptime to come! Maybe it WAS those vitamins giving me the energy to go! Needless to say, I started taking them again and haven't stopped. THEY WORK!! They are nothing short of amazing! I have just recently urged one of my friends to start taking them. She is a Mother of 3, one being a newborn. She appears run-down and exhausted, which is in turn keeping her from sleeping at night. Soon, I hope to hear her success story!! Thanks a lot Melaleuca!!

-Rae-Ann & Ben Sanders Preferred Customer Since 2010

I have been on a special diet for 15 months that helped me to be able to stop taking cholesterol prescription drugs. I was able to maintain an overall Cholesterol of 209, LDL 129, HDL 64 and Triglycerides of 33 with diet only. Starting in June of 2010 I began taking the Vitality 6 vitamins which includes the Provox CV and the Phytomega that are both supposed to help lower the LDL. I just had my lipid panel drawn and my overall Cholesterol is 188, LDL 108, HDL 74 and Triglycerides of 29! These are the best numbers I have had in 5 years! My diet and losing 45 pounds helped get it under control, but the turning point was when I started taking the vitamins in June.

-Linda & Bruce Swartz Preferred Customer Since 2010

I am a farmer and over the past 40 years have abused my body by lifting things much too heavy than I should have, and pushing myself to get things done on our farm in the Teton Valley area of Idaho. What this has done, is that my joints in my elbows, knees, back, and shoulders have been sore and have ached for years. I just kind of got used to the pain, and that I would have to suffer with it. In June of this year (2010) I started to take the Vitality 4 pack, and within days I had an amazing thing happen. My joints didn't hurt any more. I know that was a miraculous thing, but they just didn't burn or ache any more. It was like a burden that had been lifted from me. It was amazing. I also seemed to have renewed energy to go out and move my pipe, and do my chores on our farm. I have become a customer for life for what the Oligo has done for me and my family. Thanks Melaleuca, and thanks Oligo!

-Kerry & Kathy Buxton Preferred Customer Since 2010

The energy and balance Vitality 6 is bringing to my life is incredible!

-Lisa Rienstra Preferred Customer Since 2010

Tester tried the product for the first time and he said that he has much more energy during the day. That he no longer finds himself dozing off at work. (Canada)

Gloria L. Bethelmie
Preferred Customer Since 2008

I ran out of my vitamins in mid February; it is now March 5th and I am feeling the difference from not taking the vitamins. The packets give me everything I need for health and energy.

Karyn A Simpkins
Preferred Customer Since 2008

This is the only vitamin pack that works for me. Have tried all the others and nothing compares to this product.
