Dr. Bill Woods

Melaleuca Nutritional Products

Background: Was an oral and maxillofacial surgeon for 25 years. Is a Past President of the Missouri State Oral and Maxillofacial Surgeon Society. He is an Executive Director 2 with Melaleuca. He has been with Melaleuca for just 6 years and has over 2000 customers.

People want to live longer, feel better and have more energy and reduce their risk of heart attack, stroke and cancer.

This year 63,000 Canadians will die from Heart Disease and 54,000 will die from Cancer. This works out to about 10 deaths during the next hour.

In June 2002, the American Medical Association stated that we all should be taking a good multi-vitamin supplements for our general health protection including for heart disease and cancer. The key point is that it must be a good multi-vitamin.

You can get discount vitamins and minerals at your drug store such as One-A-Day, Centrum and others. These brands do not have adequate amounts of vitamins and proper delivery systems to be effective. Less than half the people in North America are taking vitamin supplements and of those, less than half are taking good and sufficient multi-vitamin supplements. To put

yourself in what I call the "Optimum Health Envelope" you should be taking a good multi-vitamin and a good fibre each day. This change will reduce your risk of heart disease and cancer by up to 50%. The 2 products I would recommend are the Vitality Pack and the Fiberwise Drink. Let's start with the Vitality Pack.

1) The Vitality Pack

Vitality for Women or Vitality for Men

Vitality Mineral Complex with Calcium

Melaleuca has the Vitality Pack which is a 2 tablet delivery system with 24 essential nutrients. There are:

- 13 must have vitamins and
- 11 must have minerals

Most vitamins are easily absorbed and are needed to metabolize protein, carbohydrates and fat.

Most minerals are not easily absorbed and are needed for cell growth, nerve development, bone development and energy

Every cell needs vitamins and minerals

Absorption is a key issue. If your body doesn't absorb the minerals then it can't use them.

Melaleuca has developed a patented mineral delivery system called "Fructose Compounding" whereby they prebind the minerals to fructose molecules. This in turn makes it easier for the cells to absorb the minerals. Absorption rates for One-A-Day and Centrum is about 9%. The absorption for the minerals in the Melaleuca Vitality Pack is about 90%.

And we give you a 90 day challenge. We say, if you try the Vitality Pack for 90 days and you don't feel better and have more energy, we will give you your money back. I have been in this business for 4 years and have over 2000 customers and I have never had anybody ask for their money back.

We not only have great absorption. We also have the right sources and the right combination of nutrients. For example:

Vitamin A

- the Vitality Pack contains 100% beta carotene which is the safest form of Vitamin A

One-A-Day and Centrum contain just 20% beta carotene

Calcium

The Vitality Pack has different types of calcium - calcium citrate, calcium phosphate, calcium glutamate and calcium carbonate

One a Day and Centrum have just one type of calcium: calcium carbonate

The Vitality Pack has 100% of the RDA of calcium (1250 mg)

One a Day (200 mg) and Centrum (400 mg) have less than 1/3 of the RDA

- 86% of women do not get their RDA of calcium

Vitamin C

the Vitality Pack has 100% of the RDA (150 mg)

One-A-Day (58 mg) and Centrum (55 mg) have less than 40% of the RDA

The Vitality Pack comes in 2 bottles (one for the vitamins and one for the minerals and a months supply costs just \$27.99. It's a wonderful product.

2) Vitality Gold (Vitality Pack plus Cellwise and Florify)

Vitality for Women or Vitality for Men
Vitality Mineral Complex with Calcium
CellWise
Florify

The Vitality Pack comes in 2 bottles with tablets to be

taken as directed.

Vitality Gold comes in packets or envelopes, one for the morning and one for the evening. This makes it easy to take the pills if you are traveling or taking pills at work

Cellwise

it fights free radicals and boosts the immune system with extra vitamin E, C, selenium, copper and zinc
it's a free radical defender, a broad spectrum antioxidant to protect you from cancer, heart and other diseases

Florify

for intestinal health
contains 5 billion active colonies of good bacteria (called flora or probiotics)
one tablet is equal to 10 cups of yogurt
this will help you with indigestion, constipation, abdominal discomfort, Crohn's disease, irritable bowel disease and colitis
it improves nutrient absorption, strengthens your immune system, helps your metabolism and detoxifies your digestion system

Vitality Gold costs just \$55.99 per month. You will feel better, you will get less infections and colds and have a better digestion system.

3) Daily for Life (Vitality Gold plus 2 heart healthy products: Provex CV and Phytomega)

Vitality for Women or Vitality for Men
Vitality Mineral Complex with Calcium
CellWise
Florify
Phytomega
ProvexCV

Provex CV

it was developed at the University of Wisconsin Medical School by Dr. John Folts
keeps the LDL cholesterol from Oxidizing so it doesn't cause plaque to build up in your arteries
promotes healthy platelet aggregation to reduce the risk

of blood clots, heart attacks and strokes

comes from grape seeds and grape skins from Concord

Grapes in France

also contains ginkgo biloba, bilberry and quercetin and enzymes

also contains:

a) quercetin—a flavonoid that helps promote healthy blood platelet activity

b) bilberry—a flavonoid-containing cousin to the blueberry that helps protect blood vessels and fight free radicals

c) Ginkgo biloba—an ancient plant that helps control LDL cholesterol oxidation and helps maintain healthy blood platelet activity

helps fight free radicals and inflammation

it has been shown to absorb extremely well and it works

most antioxidants you can get for the dollar

slows the aging process

helps reduce platelet aggregation

enhances the immune system

protects your vision

Phytomega

helps reduce cholesterol without using statin drugs such as Lipitor, Mevacor, Crestor, Advicor and Zocor

statins cost over \$100 per month and there are documented serious side effects of liver damage, kidney failure, muscle weakness, nerve paralysis and memory loss

Phytomega is all natural with phytosterols and omega 3 fatty acids from cold water fish will lower your cholesterol by 20-30% and costs just \$29.35 alone

Daily for Life costs \$97.99

- again there are morning and evening packets for the pills

4) Daily for Life Total (Daily for Life plus Replenex, Nutraview and Estraval or ProstAvan)

Vitality for Women or Vitality for Men
Vitality Mineral Complex with Calcium

CellWise
Florify
Phytomega
ProvexCV
NutraView
Replenex
EstrAval or ProstAval

Replenex

recommended allowance of glucosamine is 1500 mg
glucosamine is a naturally occurring amino sugar that
provides strength and elasticity to the joints while
helping with the production of cartilage. Its also a great
anti-inflammatory

if you get a month's supply of Glucosamine at Costco,
Shopper Drug Mart, or Wal-Mart it will cost \$20-23
if you get it at your Health Food Store it will cost \$22-25
a month's supply of Replenex costs just \$14.21
it also contains calcium, ginger, bromelain and green tea
extract

if we do not look after ourselves, by the time we reach
60 - 2/3 of us will have some stages of osteoarthritis So
this is something we should be thinking about now

Nutraview

protects the eyes from free radicals, improves sharpness
and focus, and helps prevent macular degeneration
(blind spots in the eyes)

contains 10 mg of lutein, Vitamin C, blueberry and
bilberry

why is it important? - 1/3 of our seniors will not be able
to read because of macular degeneration

ProstAval (for Men)

more men will get prostate cancer than women with
breast cancer

Prostate cancer is the number 2 cause of death in men
after lung cancer

it has 350 mg of saw palmetto extract, lycopene and
pumpkin seed

its considered by naturopathic doctors to be one of the
best products on the market

Estraval (for Women)

helps with hormonal balance, bone density, menopausal symptoms

contains soy extract, dong quai and black cohosh
doctors used to prescribe Estrogen Hormone Replacement Therapy for women who had night sweats, hot flashes, mood swings, irritability then they found that it caused breast and uterine cancer

now they recommend that women take black cohosh first to see if that will help - well that's exactly what we have in Estraval

folks I get more testimonials on Estraval than just about any other product

Daily for Life Total costs \$139.99

- this is 30% cheaper than what you would pay if you bought the products individually
- again there are morning and evening packets for the pills
- I take Daily for Life Total and I can tell you that I feel good, I have energy and this product is fully guaranteed

Fiberwise

the Canadian Cancer Society and the Canadian Heart and Stroke Foundation recommend that we get 25-35 gm of fibre each day

if we are lucky we will get 10-15 gm of fibre from fruits and vegetables

we can get an extra 10 gm of fibre from 2 glasses of the Fiberwise drink

it contains soluble and insoluble fibre plus Vitamin A, Vitamin C, Vitamin E and Folic Acid

it cleanses, nourishes and strengthens the digestive tract

it boosts the immune system, neutralizes toxins and helps balance insulin needs by controlling blood sugar

it protects against food allergies

it reduces the risk of Heart Disease by up to 30%

Other products for your medicine chest

Activate for colds

Cranberrier for urinary tract infections

Luminex for your emotional health

Vita-Bears - Kids Chewable Vitamins

If you are a new member start with the Vitality Pack and build up to the Daily for Life Total as you enjoy the benefits. You will live longer, feel better and have more energy.

Thank you for your time.
