

I have tried many different types of Prenatal vitamins. I decided to try the Vitality Pack for Women in November of 2011. I figured why not try it, it is much less expensive than what I had been doing. Within one month, I had a regular menstrual cycle which continued once a month for 4 months. I then got pregnant in the 5th month. Although that ended in miscarriage, taking the vitamins made all the difference. I am continuing to take them to regain my health and hopefully have regular cycles again. I may take the other supplements eventually, however saw such great improvement in my health from just taking the multivitamin and calcium supplements. Thank you for offering a solution for having minerals and vitamins absorb so much better into the body.

I started taking the Vitality 4 Essentials for women a few months after I became a Melaleuca preferred customer. About 2 weeks into taking them, 4 people in the same week commented on how good my skin was looking, and asked me if I had changed my make-up routine or my skin-care regimen. I had not changed a thing, except for taking the vitamins! For a forty-something female, THAT is a wonderful thing to hear! I also notice a BIG difference in my energy level if I happen to forget to take my AM packet. I keep them in my purse now, so convenient! Can't imagine life without this product!

During an annual physical, I was diagnosed with a clogged carotid artery in 2009. I was 45 years old then. Very unlikely for someone with my age and living fairly a healthy lifestyle. After 8 months of testing and probing and scans, it was confirmed that I had 90% blockage and on the verge of a stroke. After determining that I must have surgery to clear the plaque, I was devastated. My lipids were a roaring 776. Shortly thereafter I was lost and confused and worried. Worried about my health. I took medications that didn't work and the side affects were unforgivable. My lipids were very unstable. I was introduced to Melaleuca January of this year, after giving up on all medication. I started taking the Vitality 6 and Fiberwise. I was due for my follow-up doctors visit within the next 3 months. Low and behold, my lipids were under 100. My doctor was taken aback. These products have done for me more than any medication that I was taking for the past year. I do not take any medication anymore...I've lost 15lbs, feel great, and have hope that I will be around to see my son graduate from college. All I can say is that Melaleuca saved my life.

I have been a private pilot since age 17. In my early 40's my vision had declined a bit and my FAA Medical Certificate stated that I must wear glasses to fly. My drivers license soon had the same requirement. In my late 40's my blood pressure was increasing and I could no longer pass my flight physical. I didn't fly for a long time and did not want to take chemical medicine to control my blood pressure. A couple years ago I started taking the Men's 50+ Total Oligo pack. In the first several months took some extra Nutraview and Provex CV. I now have my FAA Medical Certificate. What's more amazing is that neither my FAA Medical nor my drivers license require corrective lenses! I am a big fan!

Three years ago I decided to check with my doctor as I could barely drag myself out of bed and through the day. Although a long time Melaleuca customer, I had not tried the vitamins, so as a last resort before seeing the doctor, I ordered the Oligo. What a huge difference! I will never be without Oligo! Then my LDL cholesterol began to rise and as I did not want to give up cheese, added the heart health pack. Within months I saw a 68% reduction in my LDL cholesterol, triglycerides, etc. These are truly miracle supplements.

I am "surviving" Multiple Sclerosis because of Melaleuca. I suffered for 14 years with severe headaches and chronic fatigue. The quality of my life was poor and prescription drugs did not help me. A friend introduced me to Melaleuca and I started taking the Vitality 4. I also replaced everything in my home with the EcoSense products. Thank you Melaleuca for changing my life and giving me hope.

Before Melaleuca I had a tendency of falling to sleep in church. That was awful because I was one of the clergy. After I started taking the Vitality 4 in two weeks, started on the Vitality 4 and I was energized. Everyone of my friends began to comment the Alton is not falling asleep any longer. I was waking up at 5:00am on Saturday doing laundry, dishes and vaccuuming. I had a ton of energy. Vitality is the answer.

*I ran out of my vitamins in mid February; it is now March 5th and I am feeling the difference from not taking the vitamins. The packets give me everything I need for health and energy.*

**Karyn A Simpkins Preferred Customer Since 2008**

*This is the only vitamin pack that works for me. Have tried all the others and nothing compares to this product.*
