

My husband had been on high blood pressure meds for 2 years, when he began taking the Vitality 6 vitamin packs. Within a couple months, his blood pressure had stabilized enough to be completely free of those meds. Happy to say three years later, he's passed a life insurance test with flying colors - Med Free! Thank you for better health Melaleuca!

I can definitely feel the difference when I forget to take my Vitality Total I am a dance teacher and I teach all my classes by myself. I do not sit in a chair... I am on my feet and dancing from 6 hours to 8 hours a day. I am so very pleased with this product. It has changed my life. I have more energy than any of my children, teenagers, or adult students.

I take the vitamins everyday and have more energy than I ever had before. Additionally, I have an Access bar every morning before my workout and have noticed the difference in my endurance and weight loss. I love the vitamins and found that using the products together is very effective in achieving overall health.

My husband and I LOVE the Vitality Pack. My husband was diagnosed with diabetes at 31 years of age. So he went on Vitality 4 and not only does he find he has more energy, but the doctor was amazed to find His sugar levels so close to normal. This is a testament to how these vitamins optimize your body's ability to function. Interestingly enough we now have at least 4 diabetics in our organization with the same results.

I started taking the Vitality Pack beginning of October 2012. Within 5 days I felt like I was back in my 30's, I will be 62 in March. I have been going sometimes 14 hours a day strong. I really do believe they are what helped me with my energy to become a Director in my first month with Melaleuca. Thank you for your great products and especially the vitamins.

I'm a new customer and tried Replenex for the first time last month. My husband just put one with my Vitality nutrition and I didn't think much about it. 31 days later my doorbell rang and I ran down the stairs... at the bottom I stopped in amazement. It had been two years since I could run down stairs. I had a knee that had been painful to walk down the stairs for several years. 31 days after my first Replenex I could run and move as easily as I had a few years before. I love Replenex.

I am a cancer survivor and was introduced to Melaleuca by my sister in 2000. Back then they products helped my with mouth sores. I didn't know back then that Melaleuca sold vitamins. Now I do! After chemotherapy treatment I developed Crohn's disease in which it is nearly impossible to absorb nutrient into my intestines. I struggled with taking the medications for years with no help and no respite and my condition grew worse to the point of losing 10-15 pounds everytime the disease flared up. Then my niece reintroduced me to Melaleuca and the Oligo vitamins in the beginning of 2012. I started slowing by taking Cellwise and did have more energy with them and then I moved to taking Cellwise, The Vitality Pack for Women and Florify and I can proudly say that I have not had a flareup since starting to use these vitamins.
