

About Me

Hello My Name is Noah Hodgkin,

Welcome to my site. I was a personal trainer for over 15 years. Finding myself working 60+ hours a week, I hit a point in my life where I knew I needed a change. So I took some time off to figure out what my next career move was going to be. I knew I still wanted to be involved in the Health & Wellness industry.

A friend of mine introduced me to Melaleuca and I instantly fell in love with the products they offer. I saw an opportunity to create a true residual income. The timing was perfect and I joined this fantastic company.

Melaleuca provided me everything I needed to get started. I believe that anyone can be successful with Melaleuca and I couldn't be happier with the decision I've made to join this team!
