"More energy-more Vitality"

★★★★★ 2/20/15

I have been a loyal melaleuca customer for more than 19 years. I use the Peak Performance Pack supplements daily. I have more energy, take no prescription drugs and sleep fewer hours.

I have 3 new grandchildren this year and look forward to many rewarding years with them thanks to Melaleuca's exceptional wellness products!

"Great products safe and effective."

★★★★★ 2/20/15

My family had shopped and saved money for years. I would never go back to to

rest?

Well, it all starts with Melaleuca's mission statement: "Enhancing the lives of those we touch by helping people reach their goalsSM." That's not just some fancy yet hollow phrase a copywriter came up with on a whim. It's a deliberate and thoughtful statement, and the guiding principle behind everything Melaleuca does, down to the smallest act by the last employee.

Melaleuca's goal is to help people achieve total wellness. To do that, it has created over 350 exceptional products that people use and rely on every day. The company with the best product wins, and Melaleuca has worked with some of the world's top researchers to create better, safer products using a balance of science and nature.

These products are not only better for your body and the environment, they're also a better value. Since it opened in 1985, Melaleuca's founding axiom has been "Exceptional products at reasonable prices."

Melaleuca's products are affordable thanks to its unique business model called Consumer Direct Marketing®. Melaleuca manufactures its own products and ships them directly to its customers; those customers then earn commissions through word-of-mouth referrals. There are no middlemen or advertisers taking a portion of the revenues. The result? Millions of satisfied customers who enjoy higher-quality products at a better value—and over \$3.6 billion in paid commissions to date.

Helping other people. Enhancing their lives. To so many companies, where it's every man for himself, those ideals are an afterthought at best. But to Melaleuca, it's a mission. Learn more about The Wellness Company at Melaleuca.com.

I found Melaleuca while doing research for my migraines. After my overview I knew I had to get this started. Within a week of getting all the toxins from my house and using the vitamins and lotion, I was not having the migraines any longer that I used to get about every 3 to 4 days. I cannot nail it to any particular product but I use something from every part of melaleuca. If I could buy all my groceries here I would. LOVE MELALEUCA !!!

I have been taking Peak Performance Mens 50+ Nutrition Pack and GC control since August. Yesterday, I got results from my last blood work. My glucose level has dropped from 103-97. It was as high as 106 last year...below 99 is the goal. Cholesterol, HDL, LDL and triglycerides levels all good. Doctor is taking me off my cholesterol medication. C-Reactive protein is now in normal zone which was high last year, Will have blood work again in May to check the levels.

“Replenex extra strength has been my personal life saver”

★★★★★ 10/15/14

Replenex extra strength has been my personal life saver. I have an extreme case of full body arthritis, especially effecting my neck, shoulders and hands. For the past five years I have just been dealing with the never ending dull pain that no other medications have been able to touch. Last year I was introduced to Melaleuca and had done some research on many of their products and decided to try replenex es. With in three days the pain in my neck and shoulders was greatly decreased and I had better mobility in my hands. I have been taking it now for three months and have zero pain and can sleep once again. Thank you Melaleuca!

Adriana P.

Q: Are all products cancer free toxins

2 days ago Answer

Janice H.

A: That's a difficult question because all people are different. Some people are allergic to nuts. Does that make nuts toxic? I guess it does to the person allergic to them.

▲

That being said, overall, more people have found that switching to the Melaleuca brand has tremendously helped many eliminate even serious health problems. I've personally witnessed people who suffered from eczema and asthma reverse the symptoms when they simply switched to Melaleuca's laundry products. Logic would tell you that there must be something different about Melaleuca's products versus what people typically buy off local store shelves.

Hope this makes sense. With well over a million people test driving the products, and Melaleuca never having to pay a single penny on liability claims (even though many children have ingested the products), there is some pretty strong evidence that Melaleuca's product line a very safe.
