*"This line of products is effective, safe and has really changed my life"*

★★★★★ 1/9/16

13 years ago, I had many health issues with Lyme Disease. Thanks to converting my everyday products and my vitamins to Melaleuca, I can say it's been life-changing! As a happy customer, I can say that everyone will benefit in some area with Melaleuca. Try these amazing products and judge for yourself.

### *“Quality, Quality, Quality!”*

★★★★★ 12/21/15

My wife and I sold products from another company it was so hard selling it over priced shipping was just way to much. We thought the quality was good until I got Kidney Cancer and my wife and I had to take classes on out to prevent cancer from coming back. One thing they mention in the video was cleaning products contain many cancer causing chemicals in them or they were very toxic for the environment. A friend of ours introduced us to Melaleuca the Wellness Company. All my wife and I can say is WOW! We have safer products that contain no harmful ingredients they are so safe their are no wondering labels on them at all. I took a Food supplement from the other company but really didn't see a difference. **Being a person that also has a heart condition started using the Melaleuca Peak Performance Heart Health supplements. After just one week I felt more energy then I have had in years. My blood work as improved too.** Would just say if someone ask you to look at Melaleuca the Wellness company take them up on it.

### *“When it comes to your wellbeing, Melaleuca has your solution”*

★★★★★ 12/13/15

All I can say is WOW!!! It's sad to me how uneducated most people are about the toxins and chemicals in our everyday products. What we put in our body, on our skin and inhale on a daily basis helps determine the quality of our life... Why would anyone choose to use products other than Melaleuca??? I feel such a sense of relief that I have...

#### About Melaleuca (from the business)

##### Description

It's often said that Melaleuca is a different kind of company. But what makes it different? What is it that sets Melaleuca apart from—and above—the rest?

Well, it all starts with Melaleuca's mission statement: "Enhancing the lives of those we touch"

★★★★★ 11/17/15

We share our home with 3 canine companions, so you can imagine the ongoing cleaning we do! Sol-U-Mel is one product I cannot be without. Even diluted with water, this stain remover easily cleans away muddy paw prints on an off-white carpet. It's the best stain remover I have ever used, but is so versatile. It has over 100 uses!...

### *"Unexpectedly Life Changing!"*

★★★★★ 11/10/15

I started shopping at this store almost 4 years ago because of my daughter's eczema. Little did I know how much of a life changing experience my family and I would have. My husband takes the Peak Performance Vitamins and notices he simply just has more energy and doesn't feel as sluggish. Another family member has experienced amazing results with his blood pressure, and a neighbor can't believe she started feeling so much better after taking the vitamins for just a few days! As a mom of 4 children, I was also able to begin replacing my corporate career income with simply sharing this store with others and helping people set up their accounts. This company has the most brilliant business model.

**Tip for consumers:** If you want to save money, live healthier, and be in control of your health and finances, this company has all the tools for your success.

### *"Less Cost for Better Product can't get any better."*

★★★★★ 10/29/15

One of the biggest complaints I hear about Melaleuca is, "Do I have to purchase products EVERY month?" The simplest answer is NO. The truthful answer is, "Why wouldn't you?" Melaleuca is a replacement of products people regular buy anyways. Doesn't it make more sense to spend hard earned money on higher quality products that are safer and cost less than a comparable local store shelf version? I certainly think so! I work too hard to waste my money on inferior products at local stores if Melaleuca has a version of it.

And then for the company to drop over \$100 into a person's shopping account just to try out the store? I can't understand why a person would not at least try it.

People must love Melaleuca if over 95% of those who try out a membership continue to purchase products. Considering well over 1 million people are shopping regularly must mean that they are benefiting from it. It's Simply Switching Stores.

**Tip for consumers:** Those who think this is a scam simply have not tried it.

by helping people reach their goals<sup>SM</sup>." That's not just some fancy yet hollow phrase a copywriter came up with on a whim. It's a deliberate and thoughtful statement, and the guiding principle behind everything Melaleuca does, down to the smallest act by the last employee.

Melaleuca's goal is to help people achieve total wellness. To do that, it has created over 350 exceptional products that people use and rely on every day. The company with the best product wins, and Melaleuca has worked with some of the world's top researchers to create better, safer products using a balance of science and nature.

These products are not only better for your body and the environment, they're also a better value. Since it opened in 1985, Melaleuca's founding axiom has been "Exceptional products at reasonable prices."

Melaleuca's products are affordable thanks to its unique business model called Consumer Direct Marketing®. Melaleuca manufactures its own products and ships them directly to its customers; those customers then earn commissions through word-of-mouth referrals. There are no middlemen or advertisers taking a portion of the revenues. The result? Millions of satisfied customers who enjoy higher-quality products at a better value—and over \$3.6 billion in paid commissions to date.

Helping other people. Enhancing their lives. To so many companies, where it's every man for himself, those ideals are an afterthought at best. But to Melaleuca, it's a mission. Learn more about The Wellness Company at Melaleuca.com.

### *"I love shopping on Melaleuca.com"*

★★★★★ 10/20/15

My Melaleuca Review - I love shopping on Melaleuca.com. One of my favorite product is the Melaleuca vitamins. My sister swears by them and I notice a positive difference when I take the vitamins regularly. The cleaning products work great, I like that they use natural ingredients and avoid nasty chemicals. Shopping one Melaleuca.com is easy, and I love getting my Melaleuca shipment every month.

### *"Peak Performance Total has changed my life!"*

★★★★★ 6/16/15

I have suffered with fibromyalgi, Chronic Fatigue, and Irritable Bowel Syndrome for many many years. I have tried countless prescription drugs and natural supplements to no avail. At best the prescription drugs merely masked some of the symptoms to make things bearable. I have been with Melaleuca for two years in July and have even tried several supplements including the Vitality four but never noticed any difference. I love other products though. Then in February 2015 I decided to try one last thing and that was the new Peak Performance Total. As of April I was actually able to come off all my meds. In May while on a family vacation to the Smokey Mountains in TN I hiked three miles to see a waterfall and road on a ninety minute trail ride the next morning. I could NEVER have done that prior to taking these supplements. My family is amazed at the difference in me. I'm taking my life back! I'm not saying "I'm cured" and have NO pain, but the difference is flat out AMAZING! I go to my doctor next week to get my blood work repeated and am super curious to see the results. Thank you Melaleuca!

★★★★★ 3/11/15

I just had all of my labs drawn and my doctor has informed me I am no longer considered ANEMIC! Hooray! My husband has normal cholesterol, when for years he did not. He is unable to take a prescription drug for cholesterol because they were shutting his liver down. We take their vitamins and supplements everyday and look at what a difference they have made to our health! I love their cleaning products too! We shop from Melaleuca each month for all our family's needs. This has saved us alot of money! Now when we go to the grocery store, we buy food and get out! It's just a great way to budget!

### "Love the products"

★★★★★ 2/23/15

I have been shopping Melaleuca for three years and it has changed my families life. I have a daughter with horrible allergies who used to be a prescription medication and with using the vitamins and the allergy medication from Melaleuca she has come off her prescription and rarely has an allergy attack. I have also run a cleaning business and all the cleaning products not only work better than anything I used prior but my hands are no longer cracked or dry. I have noticed a big difference in my energy levels as well using the vitamins and weight loss products. I recommend Melaleuca to everyone I know and have several friends and clients who have started shopping as well. The customer service is also exceptional if I ever had a question or concern with my order it was always handled professionally and to my satisfaction. I live a healthier lifestyle because of the products but I also noticed a huge savings in my budget as well. Will be a customer for life.

Before taking the Melaleuca supplements I had high cholesterol. I was on a prescription drug. With the doctors permission I went off the drug and took Phytomega from Melaleuca. Within 6 months my total cholesterol was in the normal range. That was 3 1/2 years ago. My recent blood tests still showed my levels normal without any medication...only Melaleuca supplements.
