

I have tried many different types of Prenatal vitamins. I decided to try the Vitality Pack for Women in November of 2011. I figured why not try it, it is much less expensive than what I had been doing. Within one month, I had a regular menstrual cycle which continued once a month for 4 months. I then got pregnant in the 5th month. Although that ended in miscarriage, taking the vitamins made all the difference. I am continuing to take them to regain my health and hopefully have regular cycles again. I may take the other supplements eventually, however saw such great improvement in my health from just taking the multivitamin and calcium supplements. Thank you for offering a solution for having minerals and vitamins absorb so much better into the body.

It was recommended to me that I should try the vitamins from Melaleuca, and told me of some convincing evidence that it worked, I thought, well I tried everything else, I might as well try this too, still a little skeptical, I tried Vitality 4 Pack, and was surprised at the difference it made, I kept adding vitamins and with each one was shocked at the difference, their heart vitamins, Provex CV and Phytomega work better for me than the aspirin regimin I was on, CellWise, Luminex and Provex. I no longer have to take 3 of my perscriptions for migraines, I am off 5 perscriptions and feel better now than I have in Years! I can tell you of the benefits of Pain-A Trate and Replenex to treat Degenerative Disk Disease, Arthritis I find my hypoglycemic problem is balanced out very well with Attain for breakfast, Florify have helped balance out my digestive problems. For my memory, Unforgetables has done better for me than aricept, If I got nothing except the benefits from the Melaleuca Vitamins, that in itself would be worth it!

I started taking the Vitality 4 50+ with Oligo since Sept 2011. The greatest difference I can tell is that I sleep much, much better and wake up an hour earlier. Because I am a school teacher I am around little children all day long. I was always getting sick, from one illness to another. My immune system is much stronger now.

My experience with the Vitality Total for 50 plus has been an experience I have never experienced in any vitamins. I feel very clean inside my body. I have great energy, probably more than I need. I've been taking the Vitality Total from the first time they were introduced in Utah at last years convention. I'm always recommending the vitamins to my customers. I tell them this is the way to go if you are going to take vitamins. Adding the Oligofructose Complex to the vitamins has made a difference in my life as a vitamin taker.

I have been taking the Vitality Total with Oligo since Oct 2009 and I am a diabetic. I have tried many health products over the last 40 years but never achieved the desired results. until I started on the Vitality Total with Oligo, the results have been amazing. I have more energy more stamina and can out work people half my age. I had rotator cuff surgery in march 2010 and my doctor thought I would heal slower being I was a diabetic. Well the truth is I healed faster than 95% of his patients. what normally would have been a 4 or 5 month process of healing I managed to heal in 4 weeks. now he was an excellent surgeon but he could not believe how fast I healed. He told me that I was in the top 5% of healing from this type of surgery. He was totally amazed and I was released with full range of motion in 4 weeks. I even went through my physical therapy in 2 weeks. Before I started on the Vitality Total with Oligo I was a slow healer because of the diabetes. This product has changed my life totally. Even my diabetes doc has seen the change. The Vitality Total helps manange my blood sugar and hypertension. I believe the longer I am on the products the better my health will become.

My husband has been taking vitamins for most of his life. He never has really felt rejuvenated. If wasn't until he started taking the Vitality packs that he noticed a tremendous difference in his energy levels. The results were immediate...just days! He feels great every day and if he runs out of the Vitality pack he definitely feels the difference. We try not to let that happen. Thank you Melaleuca for your Oligo Complex! We couldn't live without it now.

I was taking Melaleuca's vitamins with the Fructose Compounding. Since I have switched to the Oligofructose Complex ones I have noticed a slight increase in energy, and my fingernails are stronger, but the big difference I notice, is my hair! It is slowly but surely returning to my origional color. I went blond to cover my platinum. Then when I was 90%platinum, I quit coloring. Now I probably have about 25% of my dark! Thank You Melaleuca!
