I have tried many different types of Prenatal vitamins. I decided to try the Vitality Pack for Women in November of 2011. I figured why not try it, it is much less expensive than what I had been doing. Within one month, I had a regular menstrual cycle which continued once a month for 4 months. I then got pregnant in the 5th month. Although that ended in miscarriage, taking the vitamins made all the difference. I am continuing to take them to regain my health and hopefully have regular cycles again. I may take the other supplements eventually, however saw such great improvement in my health from just taking the multivitamin and calcium supplements. Thank you for offering a solution for having minerals and vitamins absorb so much better into the body.

Today, I am ordering the Vitality for Life for my son. He has a high pressure job that keeps him in and out of the weather. I want him to feel the energy and vitality I have benefited from since taking these vitamins, Thanks, Melaleuca! Patricia Dodd Redding, CA

I started taking these vitamins a few years ago when my mom enrolled in Melaleuca. WOW! I recently began building my Melaleuca business AND taking women's Vitality vitamins and Replenex because I exercise a lot. I feel great! I need less nap time during the week and even less sleep at night. I am usually so sluggish and tired and I will never go off of these vitamins again! Thanks Melaleuca!

I'm not one to usually share my stories, but these vitamins have made such a huge improvement in my life that I feel I can't keep it to myself. I have 3 children ranging in age from 15 to 3. I work nights as a medical transcriptionist and I'm home during the day with my 2 youngest. With that schedule, it's obvious I don't get enough sleep. I was pretty much watching my life go by from the couch, watching my kids grow up while I sat there willing myself to get up and play with the kids and clean the house like I should have been doing. After taking the vitamins, I noticed a change in myself in less than a week. I think within 3 days I woke up - after not having slept enough - and I was up. I was ready, I was alert, I was awake! And, I played with my kids. I played with my kids! My kids are happier with me on these vitamins, my house is less messy because I have energy to do more housework, and even beyond that, I actually truly feel I can handle stress much better. I actually feel peaceful and rested. I cannot thank Melaleuca enough for changing my life like this for the better. You've made me a better mom. Thank you so much.

In June 2008 I was diagnosed with breast cancer, so I had chemo, radiation and then had surgery in March 2010. Chemotherapy was so hard on my body, My immune system went way down ,developed double pneumonia and was brought to ICU on November 16 2009, stayed in ICU for 1 week. the doctors didn't think I could make it. But God did a miracle I pulled through and was transferred to medical floor then was discharged on December 19th 2009. Recovery was tough and slow. this was when I was introduced to Melaleuca by my friend Maria . Prior to Melaleuca I was taking a lot of vitamins to try to regain my strength but it didn't happen.I had totake long naps in the morning and in the afternoon. I started taking the Vitality 4 ,during the first week I was so sleepy so I called Maria and said I can't take this vitamins the make me more sleepy but she said keep taking it your body is just adjusting to it. I continued taking them and lo and behold after two weeks I felt a lot better and stronger , I didn't have to take 2 long naps anymore and I could stay up late and not feel too tired. I love my vitamins I can't do without them...Thanks OLIGO

On December 2009 I was diagnosed with Diabetes type 2. The doctor prescribed me medication to help me with the problem. After a while, I realized that the only way to beat my Diabetes is to restore my level of wellness. I started using the VITALITY vitamins & minerals on a daily bases, in addition of controlling my appetite. I showed the vitamins to my Dr. and he felt they were an excellent source of all the vitamins and minerals needed. One year later, I lost 40LB. and NO MORE DIABETES!

I started taking the Vitality with Oligo and with in a week I had pep. I went mountain bike riding, walks with the dog and did stuff rather then try to pull myself to do things. Now My husband and my son are on the vitamins as I was living proof to them that something in these vitamins are giving me what my body needed. Thank you Oligo for giving me back my life.

We have been loyal customers since 1998. I was suffering with severe Sinus Infections and at that time had already had (2) sinus surgeries. Dear friends told us about Melaleuca vitamins and Provex Plus. I was willing to try anything as I was scheduled to have my (3rd) sinus surgery within two week. I was scared about another surgery so I started on the antioxidants and Vitality Pack right away. Within days I could feel a big difference, my sinus headache was not as severe and my infection was breaking up. On the fifth day, (1) day before my scheduled surgery when I went to see my surgeon we canceled the surgery. It has been over 12 years since I have had a sinus infection. When I feel one coming on I take extra Provex Plus, and suppliments, It simply takes care of it. Thank you for improving them and then lowering the price. Amazing products. We will never be without our Provex Plus or Vitality Total with Oligo, That is just one of many life changing stories we could share. We love our products, life changing.

I used to take antibiotic every March and November every year. I used to go to emergency for very bad colds, earache and asthma but since I am on Oligo Vitality 4, I have been healthy, no more antibiotics, no more colds, ear ache and asthma. Also before everytime someone beside me with a cold I contracted it, but with oligo vitamins, it improved my immune system.

I ran out of my vitamins in mid February; it is now March 5th and I am feeling the difference from not taking the vitamins. The packetts give me everything I need for health and energy.

Karyn A Simpkins Preferred Customer Since 2008

This is the only vitamin pack that works for me. Have tried all the others and nothing compares to this product.
