My energy soared!

„Several months ago I was faithfully on the intra plan and my energy was at a peak. Due to some unforeseen health problems I had discontinued my usage. Recently, I restarted my daily intra program and once again my energy soared! Yesterday, I decided to walk home from my doctors appointment – 3 miles. Wow! What a feeling to be able to walk that much and still feel terrific. Thanks, intra, you gave me back not only my energy, but my confidence too." Ben, Worthing, UK
Fantastic results
„The Lifestyles Opportunity was very powerful due to the almost immediate results my family achieved on the products. I knew from Day One that as far as product quality and efficiency was concerned, we really had something big. Even today it always gives me a buzz to hear similar, great results from my customers."

Oliver, UK

Better health

We've actually seen, just through using the Lifestyles products, a tremendous change in our family, my children's health, my own health, my wife's health. I suppose the nutritional ones would stand out but we do use them all."

Paul, Ireland

Loads Of Energy

„University life was great, except for the amount of study I was doing for my exams. The work load was almost impossible to keep up with and consequently I felt under tremendous pressure and stress. Within weeks of taking the products I felt as if a massive weight had been lifted from my shoulders. Three years later and I still feel the benefits of taking the products everyday, I feel really healthy, have loads of energy and am tremendously positive about the future."

Andrew, Aldershot, UK

Terrific results

„After a short time, Barbara and I both had terrific results. We were so amazed and impressed that we decided to take a look at the other Lifestyles products as well." Bill, Canada
Superior quality products
„I think the part I like best about the products is the fact that the company has spared no expense in developing some of the finest products that we've ever used."

Bruce, USA

I Feel Sixteen Again

„I have been introduced to many different types of nutritional supplements over the years. My personal belief was that most of them were limited in terms of their ingredients and failed to live up to their hype. So when my trusted friend asked me to try a bottle of intra to give me more vitality, I was less than enthusiastic. In the end, however, I was pleasantly surprised to find intra is everything its made out to be and more. Needless to say, I am no longer a sceptic and I feel sixteen again!" Sarah, Horsham, UK
Maybe you think you've tried every herbal product, nutritional supplement or holistic care product... ..well, think again!

Our daughter is feeling much better

„Our confidence in the Lifestyles products started to build so we started our daughter Claire on the products as well. After coping with a serious health issue since the age of six, she is now feeling very well."

John, Ireland

Increased energy

„To say that I am grateful for Lifestyles products would be an understatement. Since being in a automobile accident a few years ago, I have suffered greatly for some time. Then my brother told me about Lifestyles products. After two months I finally agreed to try the products and felt my energy level rise right away. Within a week I had noticed a significant difference in how I was feeling. I was shocked and elated at the same time! I have finally found a product that works and is healthy for you. I am so grateful to my brother for telling me about Lifestyles and to enjoy optimal health. I will continue taking Lifestyles products for the rest of my life!“

Debbie, USA

More Energy And More Stamina

„In July 1999 I was introduced to the products. They are really good for me. In fact, the way they work is so good I've started taking them twice a day! As a fitness trainer I workout six times a week and I am happy to have such a high level of energy and stamina.“

Jeanne, London,

Health old issues cleared up

„I was very sceptical but I began using the products anyway. After a few weeks I felt like I was flying! Suddenly I had so much energy. Now our entire family uses the products. I can't remember the last time my old health issues came up.“

Karsten, Norway

I'm like a new person

„When a friend told me about the Lifestyles products Intra and how they had helped her, I decided to give it a try. Today, I'm like a new person. I feel so energetic and vibrant. I eventually got involved in the business and am enjoying meeting new people, widening my social boundaries and making money. I am happy to have been given a chance to join this exciting „people-helping-people“ business. For anyone with a vision, desire and dedication, success is almost a sure thing with Lifestyles.“

Tse Mei Wan, Hong Kong

It's Changed My Life

„You cannot imagine how thankful I am to the Lifestyles products. It's changed my life. Only the people who have endured the misery I have for the past 8 years will know how truly grateful I really am. People now say I also look 10 years younger too!“

Sue, Crawley, UK

Skin Sensitiveness, Lymphoma , Nose bleeding – Lily Ho, Toronto

"I started drinking Intra in 1995. After the first bottle of Intra, I could feel for the effect of reducing my skin sensitiveness. 3 months later, a lymphatic lump under my arm pit for 10 over years started to reduce in size. After 9 months of consumption, all lymphatic lumps in my body have since disappeared. Skin sensitiveness, periodic nose bleeding and even piles that had been with me for more than 10 years were no longer exist. Her health improved and also gets her children to drink. She looks younger and better each year."

3 MONTHS PROGRAM OF LIFESTYLES PRODUCTS:

1st Month

- **DETOXIFICATION** – the process of removing toxic substance from something or counteracting its toxic effects. Our body stored toxic substance since we were born from our food, water, and the air we breathed (intakes), especially if we are using synthetic drugs for a long period of medication (this will probably destroy our vital organs).

2nd Month

- **NOURISHING** – providing a substantial quantity of the elements they require to live, grow, or remain fit and healthy. Our products support our 8 biological systems and balance the essential nutrients our body needs.

3rd Month

- **STRENGTHENING** – to make something stronger or more powerful, or increase in strength or power. Since our body has already gone the detoxification process from the 1st month we are cleansed from the toxic substance (depending on the toxicity level of our body), on the 2nd month our 8 biological systems totally absorbed the nourishment our products provide, and on the 3rd month onwards our products will fully accomplish its mission which is to provide health and wellness solutions to individuals who will continually take our products religiously.
