

Why I love Melaleuca? All of it!

Where to begin? Melaleuca Renew has done wonders with my eczema too!

Affinia moisturizing shampoo has totally cleared my psoriasis after 3 days! No kidding! It was awful what I had on my scalp. Didn't realize it til I reached up to style my hair.

Just tried Tub and Tile for the first time. You wouldn't believe what is on my sinks, shower, toilet, and water system in fridge. After several seconds, just rinse and it all comes off. We live in Tennessee....deposits everywhere. Not anymore!

I invited 20 folks to my house tonight for a presentation of Melaleuca...only a few are coming. Wish more could see this!

Been using Melaleuca off and on for twenty some-odd years, solid past year. Love all of it!
