Why try our glutathione patch?

Glutathione is the most important molecule you need to stay healthy and prevent disease -- yet you've probably never heard of it. It's the secret to prevent aging, cancer, heart disease, dementia and more, and necessary to treat everything from autism to Alzheimer's disease. When taken orally 90% of the glutathione is destroyed in the digestive tract, but the patch raises glutathione levels in the blood by as much as 300% in 24 hours!
