🌟TEGREEN CAPSULES🌟

Not everyone knows the benefits of green tea and even if they do, a lot of people can't drink green tea. Here are some of the facts...

- ♥naturally boost metabolism
- By intensifying levels of fat oxidation
- ♥increase in energy
- ♥regulates glucose levels
- ♥helps blood vessels withstand changes in pressure (reducing the risk of heart disease)
- ♥protects against the formation of blood clots (helping to prevent against strokes, embolisms and heart attacks)
- ♥reduces bad cholesterol in the blood and maintains a good ratio of good and bad cholesterol in the blood
- ♥catechin in green tea can destroy bacteria and viruses that cause throat infections and tooth decay. Some studies have said it can help the body fight cancer cells.
- ♥reduces high blood pressure
- ♥helps diminish the obvious signs of ageing and encourages healthier looking skin.

🌟One cup a day is not enough to supply all these amazing gains. But 1 tegreen capsule is equivalent to 6 cups! Problem solved🌟

So many people are loving these capsules and for obvious reason 😊
