I love everything about ordering from Mr. Vitaherbs. The always fast delivery, the free shipping on qualifying orders, the low prices, great advice and exceptional customer service.

June

9/9/10

After a quadruple by-pass my Mother's dementia worsened. She had just turned 78. The doctor said the dementia was a combination of the surgery, vascular disease and a stroke. She sat in a chair slumped over to the left, could not control drooling and did not know at 2pm if she had lunch. I started her on B-Complex. She will be 80 at the end of September and she is totally back; physical ability, memory, personality, the works ~~~ totally back.

Debby

Greetings Sir Alan,

We received the corrected order of PEPPERMINT OIL, and in good condition, at approximately 1100h EDT, 23AUG10. We are impressed by your reliable representation of Nature's Sunshine Products, but even more appreciative of your ethical customer service. We shall recommend your site at every opportunity in the future, and seize this occasion to send energy for your continued prosperity!

Again, Thank You, Esther

7/29/10

Thank You for getting the products out like you do. That is really great.

Mrs. Eads Ohio

12/31/08

Alan,

I've received my order in perfect condition as always.

Believe it or not, I am glad I ordered the EverFlex from you. I haven't taken it for long, but I feel that it's already working. My lower back and neck discomfort has subsided ever since I started taking EverFlex. I thank you for your recommendation. It seems like this will be on my reorders from now on.

Thanks,
Fred

will ordering more in the future. In fact I think I may need another cleanse because my husband wants to take it.

Thanks again.

7/18/07

Alan,

I want to thank you for helping me to see how important it is to eat right and to pay attention to what we put into our bodies. I was on the verge of having a liver biopsy, but after your kind suggestion I stopped eating certain foods and started taking an Herbal Supplement by Nature's Sunshine Products.

I have lost ten pounds and I feel so great. Even greater my liver is back to normal. At first, like so many others, I was a little skeptical about taking herbs. But now, I am a firm believer that it WORKS!! I've told so many of my friends about the herbs I'm taking and it's working for them too.

So, I thank you again Alan!!

Brenda Tucker-Ohio

To: Alan Mowery, Nature's Sunshine Distributor

In February 2007 my husband was diagnosed with a very life threatening infection. He had one lung abscess and two brain abscess driven by Strept infection. Also, During this time, it was determined that he had MRSA colonized. While he was in the hospital for 22 days, he received up to four strong anti-biotics through an IV. Then he came home with an IV in his arm. He was then under the care of an Infectious Disease doctor who administered a very strong anti-biotic 24 hours daily for the following five months until July 31, 2007. During this time, in June 2007, my husband had Brain Surgery to remove the larger of the two brain abscesses.

On May 21, 2007, I contacted Alan Mowery about Nature's Sunshine Products and placed our first order for Silver Shield, Thai-go drink, L-Reuteri, Immune stimulator and food enzymes. My Husband has continued up to present time on all these wonderful products. But the time of his brain surgery in June 2007, hospital lab tests showed he was completely clear of the MRSA Colonization. On November 1, 2007 an MRI of his brain indicated his brain was completely healed and clear. Thus his Neuro-Surgeon released him, Praise God! I do know and recognize Gods Hand in healing my husband through prayers, effective medication and the good nutrition products from Nature's Sunshine Silver Shield, Thai-go Drink, L-Reuteri chew tabs, Immune Stimulator and food Enzymes.

Please share our story to encourage others to use these wonderful nutritional products.

Juanita Turner, from Texas

Alan,

Want to let you know that the program you suggested to help my husband in his fight with MDS has had a tremendous effect.

He was told by Doctors that "nothing" would help to bring his platelets up. (they were down to 36, normal is 150 to 350, he is presently at 89 and feels great only after 6-7 weeks)

The Chlorophyll Gel Caps in combination with the Thai-go have really made a difference. He has energy and a more positive outlook. Even his color is normal, it was previously yellowish. All he talked about before was how much longer he has before he dies. What a difference

he now goes out to work a little in the yard, something he had given up and now enjoys again...We both thank you very much and if you can think of anything else that might help his condition please let us know.

Alan,

Thank you for your call today; to reassure me that the thyroid activator I ordered will be here before my trip. I struggled with a slow metabolism for 2 years before trying Nature's Sunshine Thyroid Activator and my 10 day trip would not be pleasant if I had to be like I was before beginning this regimen. Two years ago I fell and broke my wrist. During my recovery my doctor ordered a steroid. After using the steroid for a short while and also having my exercise routine disrupted by the broken wrist my metabolism began to suffer. For over a year I was bloated and if I ate more than a teeny helping of anything I was nauseas. After a great deal of research I opted for Nature's Sunshine Products and have been thrilled. Currently I am also taking Spirulina and Korean Ginseng. These products have done wonders for my immune system and also act as a tonic; in addition to the thyroid activator which helps my metabolism. Thank you again.

Alan,

I am so pleased with Thai Go. I have been using this product regularly for several months now and found that after running a check, my body no longer had any inflammatory areas present, nor was yeast to be found, conditions I'd been fighting for a long while.

Last month I had a root canal done on a lower molar and the tooth was badly inflamed. After the procedure my jaw was swollen and felt like a boil when touched. I took my regular dosage of Thai Go that evening and the next morning the pain was gone.

Last week I was running low on Thai Go and thought I didn't need it for a while but a friend noticed I was limping. I hadn't even realized it. A couple more days I got up from visiting with friends and I could hardly stand, yet alone walk without intense pain. By morning I was feeling a little better therefore went about my normal routine, but soon the pain returned with a vengeance. I took a full dosage of Thai Go and within a 1/2 hour the pain was gone and hasn't returned! I've proved it to myself that I need to take this wonderful supplement daily and not to run out.

Thanks again Alan for your support and reliability in getting it to me.

Donna Jo from Oregon

2/19/08

My order was received very promptly, probably the fastest in all the years of my online ordering. Thank you for such good service and great pricing. I will for sure order from you when I get low and refer others to your site.

Thanks,

Tracey Jech, Oklahoma

2/21/08

Thank you so much for your quick order of my vitamins. Your joint support is just great, I was having so much trouble with my knees and now most of my pain is gone. I will be ordering more soon.

Thanks again.

Because of my business with you in the past I found the delightful LED systems that you sell...I just got mine yesterday and it has already made a difference in my ankle that was doubly broken in November...the treatment that I have done in the last 24 hours has relieved the stress and pain that I get in the afternoon and morning from the damage that is healing from surgery...So very amazed at the speed and instant relief I get from the LED....I have also gotten instant relaxation in my entire body from placing the light just above the middle of the top of my head , temples and base of my skull. It is so nice to have you out there selling products that are reasonably priced with such speedy service.

Today one of my friends ordered one blue LED just from my experience...May this happen to you allot!!!

Thanks again,
Sincerely

Susan from California

Alan,

The following is my testimonial in regards to the MRSA infection.

A few months ago I contracted the MRSA infection. It got so bad that I was given heavy duty antibiotics in the hospital. However, I did not feel they were not going to resolve the problem long term. After talking to Alan, I started taking the Silver Shield (external application on the wound also), Immune Booster, and Probiotics. After checking the Natures Sunshine Forum, I added Echinacea, Oregon Grape Root and Elderberry. It took some time but I believe this regiment is what got me through it. If I feel I am coming down with something, I start taking the supplements listed above again.

Also, when I ran out of the Natures Sunshine silver shield, I just purchased some from the local health food store because it came with a sprayer. At the time it was just easier to do that. I just finished talking to someone who seems to know about colloidal silver. I just wanted to let you know that he felt the Silver Shield product is a good one. Needless to say, I wont be buying the other stuff and plan to stick with Natures Sunshine Products only.

Also my mothers Doctor basically, said she had some sort of fungal infection on her toe which was making it very sensitive to the touch. Not knowing what to do for her, I suggested spraying silver shield on it. After a few weeks, the pain was gone. The pain comes back after a few weeks so she starts the silver again. In time the fungal infection will be completely gone.

Rita,
California
