## Baby skincare problems

SEPTEMBER 21, 2015 ~ LEAVE A COMMENT

### Customer Review.

My little boy suffers with eczema on the back of his legs, we have been using the baby hair & body wash & it's AMAZING! We have only used it 2 times & already we can see it clearing.

This stuff is gold! I would recommend it to any mum's with children or even adults with the same problem!

## FREE business opportunity!!!

SEPTEMBER 15, 2015 ~ [LEAVE A COMMENT](#)

Our commission statements have been released for this month, and we have some VERY happy consultants!

Some of our commission statements are 4 figures – there are even some above me who's statements are 5 figures! Yes, that's right – 5 figures PER MONTH!

And all of this from a completely free business opportunity!

This is an opportunity to start your own business, work the hours you like, make it as big as you like or as small as you like, run your business however you like – it's completely up to you, you're the boss! There are no targets, no hassle, no pressure, but I promise you – if you want it those 4 or even 5 figure commissions per month, then it really is achievable!

My life has changed so much in the last couple of months. The lives of my team have changed, and my fellow business partners have also completely changed their lives. Are you going to be next.

You GENUINELY have nothing to lose!

If you would like some more information, you can email me at [bellabeautybox@hotmail.com](mailto:bellabeautybox@hotmail.com) or you can find me [here on Facebook](#).

I have to be honest – I'm not a big fan of face masks. Everytime I use one, I seem to break out in terrible spots the next day, so I tend to stick to my normal skincare routine, and then leave it there!

I have always suffered with my skin since my teenage years (a long time ago!) I had terrible acne, blackheads, blocked pores, dry patches – it was just awful 😞

But someone gave me a trial of this Glacial Marine Mud Mask, and said that I HAD to try it – so I did!

I cleaned my face as normal, and then applied the mask. It felt really thick and luxurious, and smelt divine!

I was worried that as it dried it would tighten and become itchy like some of the cheaper masks, but it didn't. And as it dried, the strangest thing started to happen – I could actually see the dirt coming out of my pores!

After I removed it, my skin felt lovely – really soft and fresh, and dare I say – younger looking!

The next day, my skin had cleared a little, there was definately a difference – but then the day after that, I could REALLY see a difference! My skin was much clearer, and it just *felt* better.

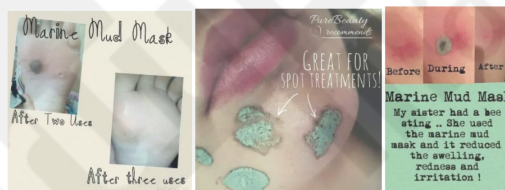

This is the official line:-

*"A simple and natural way to softer, smoother toned skin. Revitalising clay mask with sea botanicals draws out dirt and impurities from the skin. Contains extremely fine mud particles and leaves skin feeling fresh, renewed and healthy-looking. Suitable for all skin types.*

*Glacial Marine Mud – deposited in a remote estuary in British Columbia, this fine clay absorbs dead cells, excess oil and other impurities\**

And I have to say that this all seems to be true!

But since I have been looking at this mask – I have found that it has some other amazing benefits! Have a look at this!

It is great for spot treatments, helped with bee stings – and even helps with verruccas and warts!!!!

You can purchase this product from their [website](#) (quoting Distributor ID UK3340189)

Alternatively come find me on [Facebook](#) and order through me.

Happy masking 😊

## Lip plumping challenge

SEPTEMBER 11, 2015 ~ LEAVE A COMMENT

We have all seen the pictures – the dreaded trout pout, lip fillers gone wrong, Pete Burns – in our quest to get fuller lips, we put ourselves (and our wallets!) through so much!!!

What if I told you that there was a way to get gorgeously plump lips at a fraction of the price, and an awful lot less painful!!!

This Contouring Lip Gloss gives you full, shapely, youthful looking lips.

This ultra shiny gloss features an oligopeptide to define and contour lips, focusing on the "cupid's bow" that tends to fade with age. Clinically proven to stimulate collagen production, this peptide helps you achieve the full, shapely lips you desire in only 28 days. Ideal to wear alone or over your favorite shade lipstick, this long-wearing formula glides on smoothly, delivering a sophisticated shine. And the more you wear it, the better your lips will look.

And don't just take my word for it – we have added Jess Wright from TOWIE to our long list of celebrity fans!!!

You can purchase this product at the [website](#) and quote ID – UK3340189.

Alternatively, visit our [Facebook Page](#) for more information about this and our other fabulous products!

Will you take the challenge?

SEPTEMBER 7, 2015 ~ LEAVE A COMMENT

I just wanted to give you a little bit more information about working for NuSkin, and how this amazing, and free opportunity, might well change your life!

I started working for NuSkin a couple of months ago. I only started working for them as I had used the products previously and fell madly in love with them. I read a blog, similar to this one, and decided "What the hell – its free, what have I got to lose??".

I was able to sign up immediately, and I started selling immediately! And I sold products immediately! And thankfully, it has carried on from there! I am now in a position to be able to give up my day job – and all of this was due to 1 little tube of toothpaste!

Working for NuSkin is so easy – the support is amazing. We have regular updates with Management, and constant contact from our uplines. The commission structure is like no other I have seen in this industry. An amazing 43% commission on EVERYTHING that you sell, and additional team bonuses for every person in your downline!

You can sell anywhere in the world, and you can recruit anywhere in the world. The world really is your oyster! I have team members and customers spanning across the globe – and with the international websites, it really couldn't be easier

Add into that the incentives for travel, the additional bonuses and the promotions, and you really would be crazy not to take up this opportunity! You can successfully run a business with NuSkin with only a few hours each week and I am really not exaggerating when I tell you that if you work hard, it will change your life!

You can sign up NOW for this opportunity of a lifetime (that really will not cost you a penny!) No matter where in the world you are, or what time it is. Just visit our website [here](#) and quote distributor ID UK3340189, and fill in the details to become either a customer or a distributor.

You will then receive all the support and assistance that you need to get your business off the ground and start bringing in the cash 😊

## Green Tea and its amazing benefits!

SEPTEMBER 6, 2015 ~ LEAVE A COMMENT

Nowadays green tea and this extract are consumed by many populations around the world; while it has traditionally already been used for centuries in China and India, for its various benefits.

The consumption of this green tea extract helps to protect our body by reinforcing the body's natural defence against the effects of these free radicals that occur from pollution, stress, smoke and toxins.

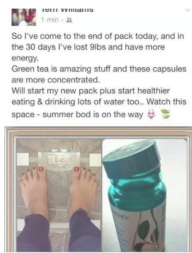

But if you are like me – I have all the best intentions.....but I can't stand the taste!

Then I found these amazing tablets – which have all the benefits of green tea, but in one handy little capsule!

Each capsule contains the benefits of 6 cups of green tea, and you need just one tablet each day as a supplement to see the results!

But then, some of my customers have found an additional and even more fantastic use for these tablets – this particular customer has lost 9lbs without even trying!!!!

You can purchase these green tea tablets in packs of 30, or 120.

Purchase your green tea supplements [here](#) and quote distributor ID UK3340189.

If you would like to read more about these, or any of our other products then visit our [Facebook page](#).

The Whitening Toothpaste does exactly what it says on the tin! It has fabulous whitening properties, all the while being bleach free. I don't know how they do it – but they do! And the results are amazing!

Finally, our Contouring Lip Gloss is one of my favourite products! It contains collagen, which boosts the skin cells, plumping them out and helping to get rid of wrinkles. The lips appear fuller and thicker – and it really works!!!

All of our products are available to purchase [here](#) and you will need to quote Distributor ID – UK3340189.

Alternatively you can contact me through my Facebook page [here](#).

Finally – as a little treat for my blog readers, if you purchase all 3 products together and quote "BLOG" I will take a fabulous 25% off the package price 😊  
Just drop me an email at [bellabeautybox@hotmail.com](mailto:bellabeautybox@hotmail.com) and I will arrange.
