LIMU TESTIMONIAL! !!!!

Diabetes, High Blood Pressure, High Cholesterol and severe Neuropathy Karen Osborne - Houston, Texas

For all of you that do not know me, know one thing- I do not endorse products. I am 48 years old, diabetic for 20 years, on insulin pump therapy, have had multiple surgeries on my eyes due to the complications of diabetes, high blood pressure, high cholesterol and I have severe neuropathy in both feet and now my hands. I was told in 1998 that there would be a day that the doctors could not do anything more for the pain. I had my first stroke in 1999, then two years later, a series of mini strokes. The neuropathy in my feet has been so severe I could barely walk, and usually with a bad limp. Due to the pain in my feet I was taking prescription pain killers several times a day just to be able to walk.

I was very skeptical when I first heard about Limu but decided, what the heck it is all natural and has no hidden chemicals...I started taking Limu and after a week I realized I hadn't needed to take any pain medicine in days and what Limp? (I am just be bopping around) Its now over two weeks.... I feel better the symptoms of the neuropathy are better and I have never ever felt more energy!!! I truly feel Limu has made a world of difference in my health. They say give it three months before you judge if it helps I am here to tell you it works !!! I drink two ounces in the morning and two in the evening. When I went to the neurologist she told me whatever I was doing keep on doing it. She is amazed at how well I am doing and instead of seeing her every 6 weeks it is now in 6 months!!! Limu is pure Gold!!!
