Do you have kids with OCD, ADD, ADHD, Autism? Get in touch with my friend and fellow [Team Beachbody](#) coach Lisa here is her facebook page: <http://www.facebook.com/LisaBKauppinen?ref=ts> Her kids teachers called her up to ask what kind of medication they were switched to? Lisa said they are no longer on meds Shakeology is working MUCH better than any medication ever has.

Lisa Barron Kauppinen Andy is 17 and has a mild form of Autism called Aspergers Syndrome, ADHD, OCD, and ODD. Danny is 14 and has ADHD and bipolar disorder. Shakeology and P90X is doing wonders for them without meds. I will post a note tonight about it all.

Lisa Barron Kauppinen I had the opposite problem, going round and round with the school when I lost my job 3 years ago and could not afford meds. For both of my kids, the copays were around \$400 a month. Thank god for Shakeology and P90X.
