Polishing peel for me to start the day 😊

My fav nu skin product 🥰

Buy our polishing peel & receive whitening toothpaste free 🙄

Polishing peel. Suffer with acne, psoriasis, dry skin, spots etc then this is the product for you! We all know microdermabrasion is up there at the top of one of the best facials you can get for treating these kind of skin conditions, well our polishing peel has been CLINICALLY PROVEN to be the exact same equivalent as receiving a professional microdermabrasion treatment. The benefits are both the same making this product a top seller!!
