**JURY TRIAL DEMANDED**

1 Plaintiff Jason Saidian (“Plaintiff”) by and through his counsel, brings this  
2 Class Action Complaint against Krispy Kreme Doughnuts, Inc. (“Krispy Kreme” or  
3 “Defendant”), on behalf of himself and all others similarly situated, and alleges upon  
4 personal knowledge as to his own actions, and upon information and belief as to  
5 counsel’s investigations and all other matters, as follows:

6 **NATURE OF THE ACTION**

7 1. Plaintiff brings this consumer protection and false advertising class  
8 action lawsuit against Defendant, based on Defendant’s false and misleading business  
9 practices with respect to the marketing and sale of its “Chocolate Iced Raspberry  
10 Filled” and “Glazed Raspberry Filled” donuts (“Raspberry Products”), its “Maple  
11 Iced Glazed” and “Maple Bar” donuts (“Maple Products”), and its “Glazed Blueberry  
12 Cake” donuts and the “Glazed Blueberry Cake” donut holes (“Blueberry Products”)  
13 at Krispy Kreme company and franchise stores (collectively referred to as the  
14 “Products”).<sup>1</sup>

15 2. At all relevant times, Defendant has formulated, manufactured,  
16 marketed, and sold the Raspberry Products under the descriptive product names  
17 “Chocolate Iced Raspberry Filled” and “Glazed Raspberry Filled,” representing that  
18 the Raspberry Products are filled with actual raspberry.

19 3. However, unbeknownst to consumers, the Raspberry Products uniformly  
20 do not contain any raspberries.

21 4. At all relevant times, Defendant has formulated, manufactured,  
22 marketed, and sold the Maple Products under the descriptive product names “Maple  
23 Iced Glazed” and “Maple Bar,” representing that the Maple Products contain maple  
24 syrup or maple sugar.

25 5. However, unbeknownst to consumers, the Maple Products uniformly do  
26 not contain any maple syrup or maple sugar.

27 \_\_\_\_\_  
28 <sup>1</sup> Defined and depicted further *infra* in paragraph 18-20.

1           6. At all relevant times, Defendant has formulated, manufactured,  
2 marketed, and sold the Blueberry Products under the descriptive product names  
3 “Glazed Blueberry Cake” with imitation blueberries that highly resemble actual  
4 blueberries due to their round shape and blue color.

5           7. However, unbeknownst to consumers, the Blueberry Products uniformly  
6 do not contain any blueberries.

7           8. Raspberry, maple, and blueberry are herein individually referred to as a  
8 “Premium Ingredient” and collectively referred to as “Premium Ingredients.”

9           9. Plaintiff and other consumers purchased the Products, reasonably relying  
10 on Defendant’s deceptive representation about the Products, and believing that each  
11 of the Products contained its respective Premium Ingredient. Had Plaintiff and other  
12 consumers known that the Products did not contain their Premium Ingredients, they  
13 would not have purchased the Products or would have paid significantly less for the  
14 Products. Therefore, Plaintiff and consumers have suffered injury in fact as a result  
15 of Defendant’s deceptive practices.

16           10. Plaintiff brings this class action lawsuit on behalf of himself and all  
17 others similarly situated. Plaintiff seeks to represent a California Subclass, a  
18 California Consumer Subclass, and a Nationwide Class (defined *infra* in paragraphs  
19 45-48) (together referred to as “Classes”).

20           11. Plaintiff, on behalf of himself and other consumers, is seeking damages,  
21 restitution, declaratory and injunctive relief, and all other remedies the court deems  
22 appropriate.

### **JURISDICTION AND VENUE**

23  
24           12. This Court has subject matter jurisdiction pursuant to 28 U.S.C. §  
25 1332(d)(2)(A) because this case is a class action where the aggregate claims of all  
26 members of the proposed Classes are in excess of \$5,000,000, exclusive of interests  
27 and costs, and Plaintiff, as well as most members of the proposed Classes, which total  
28

1 more than 100 class members, are citizens of states different from the state of  
2 Defendant.

3 13. This Court has personal jurisdiction over Defendant because Defendant  
4 has sufficient minimum contacts in California or otherwise intentionally did avail  
5 itself of the markets within California, through its sale of the Products in California  
6 and to California consumers.

7 14. Venue is proper in this District pursuant to 28 U.S.C. 1391(a)(1) because  
8 Defendant regularly conducts business throughout this District, and a substantial part  
9 of the events and/or omissions giving rise to this action occurred in this District.

10 **PARTIES**

11 15. Plaintiff Jason Saidian is a citizen of California, residing in Los Angeles  
12 County. In 2015, Mr. Saidian purchased, *inter alia*, the Glazed Raspberry Filled, the  
13 Chocolate Iced Raspberry Filled, the Maple Iced Glazed, and the Glazed Blueberry  
14 Cake donuts from a Krispy Kreme store in Santa Monica, California. Mr. Saidian  
15 purchased the Products, reasonably relying on the Defendant's representations about  
16 the Products and believing that the each of Products he purchased contained its  
17 Premium Ingredient, as represented. Mr. Saidian would not have purchased the  
18 Products or would have paid significantly less for the Products had he known that the  
19 Products did not contain their Premium Ingredients. Mr. Saidian therefore suffered  
20 injury in fact and lost money as a result of Defendant's misleading, false, unfair, and  
21 fraudulent practices, as described herein. After Mr. Saidian learned that the Products  
22 do not contain their Premium Ingredients, he ceased purchasing and consuming the  
23 Products, and retained counsel. Mr. Saidian is likely to purchase the Products in the  
24 future if they each were reformulated to include their Premium Ingredients.

25 16. Defendant Krispy Kreme Doughnuts, Inc. is a corporation incorporated  
26 in North Carolina, with its principal place of business in Winston-Salem, North  
27 Carolina. Krispy Kreme directly and/or through its agents, formulates, manufactures,  
28

1 markets, distributes, and sells the Products nationwide, including in California.  
2 Krispy Kreme has maintained substantial distribution and sales in this District.

3 **FACTUAL ALLEGATIONS**

4 **A. Background**

5 17. At all relevant times, Defendant has formulated, manufactured, marketed  
6 and sold the Products across California and the United States. The Products are sold,  
7 *inter alia*, over the counter at Krispy Kreme company and franchise stores, in at least  
8 the following varieties:

9 18. Raspberry Products:

22. The placards for the Raspberry Products say “Chocolate Iced Raspberry Filled” or “Glazed Raspberry Filled.” The placards for the Maple Products say “Maple Iced Glazed” or “Maple Bar.” The placards for the Blueberry Products (both the donut and donut holes) say “Glazed Blueberry Cake.”<sup>9</sup>

23. Raspberries are a rich source of Vitamin C, Vitamin K, Potassium, and dietary fiber.<sup>10</sup> Furthermore, the nutrient profile of raspberries help fight against cancer, heart and circulatory disease, and age-related decline.<sup>11</sup>

24. Maple syrup and maple sugar are premium ingredients added to sweeten food products. Maple syrup is “the liquid food derived by concentration and heat treatment of the sap of the maple tree (*Acer*) or by solution in water of maple sugar (mapel[sic] concrete) made from such sap.” 21 C.F.R. § 168.140. “Maple syrup

2 manganese, potassium and magnesium.”<sup>12</sup> Furthermore, maple syrup is also a source  
3 of beneficial antioxidants that “have shown to help prevent cancer, support the  
4 immune system, lower blood pressure and slow the effects of aging.”<sup>13</sup>

5 25. Blueberries have the potential to limit the development and severity of  
6 certain cancers and vascular diseases, including atherosclerosis, ischemic stroke, and  
7 neurodegenerative diseases of aging.<sup>14</sup> Research suggests that blueberries are one of  
8 the richest sources of antioxidant phytonutrients.<sup>15</sup>

9 26. Consumers pay a premium price for the Products. The Products are each  
10 considered “Assorted Variet[y]” products and are uniformly priced higher than the  
11 Original Glazed Donut.

12 **B. The Products do not contain their respective Premium Ingredient**

13 27. Through its manufacturing, marketing, and sale of the Raspberry  
14 Products, Defendant has represented that the Raspberry Products contain actual  
15 raspberries. Defendant has named the Raspberry Products “Glazed Raspberry Filled”  
16 and “Chocolate Iced Raspberry Filled,” indicating that the Raspberry Products are  
17 filled with actual raspberry. Furthermore, as portrayed in paragraph 18(a)-(b), the  
18 filling in the Raspberry Products appears to contain raspberries due to its red color  
19 and texture.

20 28. Through its manufacturing, marketing, and sale of the Maple Products,  
21 Defendant has represented that the Maple Products contain actual maple syrup or  
22 maple sugar. Defendant has named the Maple Products as “Maple Iced Glazed” and  
23

1 “Maple Bar,” indicating that the Maple Products are glazed with actual maple syrup  
2 or maple sugar. Furthermore, as portrayed in paragraph 19(a)-(b), the glazing on the  
3 Maple Products appears to contain maple syrup or maple sugar due to its amber color  
4 and smooth texture.

5 29. Through its manufacturing, marketing, and sale of the Blueberry  
6 Products, Defendant has represented that the Blueberry Products contain actual  
7 blueberries. Defendant has named the Blueberry Products as “Glazed Blueberry  
8 Cake,” indicating that the Blueberry Products contain actual blueberries.  
9 Furthermore, as portrayed in paragraph 20(a)-(b), the Blueberry Products contain  
10 imitation blueberries, apparent on the inside and outside of the donuts, that resemble  
11 actual blueberries or pieces of actual blueberry due to their blue color and round  
12 shape.

13 30. Unbeknownst to Plaintiff and other consumers, the Raspberry Products  
14 do not contain actual raspberries, the Maple Products do not contain actual maple  
15 syrup or maple sugar, and the Blueberry Products do not contain actual blueberries.

16 31. **Exhibit A** is Krispy Kreme’s Nutritional Data & Ingredients sheet,  
17 which lists the specific ingredients for a number of Defendant’s donuts.<sup>16</sup> Neither  
18 maple syrup nor maple sugar is listed as an ingredient in the “Maple Iced” [Maple  
19 Iced Glazed] donut. Furthermore, raspberry is not listed an in ingredient in the  
20 “Glazed Raspberry Filled” donut. The “Glazed Blueberry Cake” donut likewise does  
21 not contain blueberries.

22 32. Based on information and belief, the “Maple Bar” donut also does not  
23 contain actual maple syrup or maple sugar.

24 33. Based on information and belief, the “Chocolate Iced Raspberry Filled”  
25 donut also does not contain actual raspberry.

26 34. Based on information and belief, the “Glazed Blueberry Cake” donut  
27

28 <sup>16</sup> This information is not available to customers in-store.

1 holes also do not contain actual blueberries.

2       35. To the contrary, the Products contain nutritionally inferior ingredients,  
3 such as sugar and corn syrup, along with gums and artificial food coloring used to  
4 mimic the texture, shape, and color of the Premium Ingredients, and induce  
5 consumers into believing that the Products actually contain the Premium Ingredients.  
6 For example, according to **Exhibit A**, the Blueberry Products contain imitation  
7 blueberries (referred to as “blueberry gumbits” by Defendant) which are made from  
8 inferior and potentially harmful ingredients such as corn syrup, Blue #2, and Blue #1.  
9 Due to their blue color and round shape, the “blueberry gumbits” are inserted  
10 strategically on the inside and outside of the Blueberry Products to induce  
11 unsuspecting consumers into believing that the Blueberry Products contain actual  
12 blueberries.

13       36. Defendant knew or should have known that each of the Products did not  
14 contain its respective Premium Ingredient because Defendant and/or its agents  
15 formulated and manufactured each of the Products.

16       37. Defendant knew or should have known that Plaintiff and other  
17 consumers, in purchasing the Products, would rely on Defendant’s representations  
18 about the Products and would therefore reasonably believe that the Raspberry  
19 Products contain actual raspberry, the Maple Products contain actual maple syrup or  
20 maple sugar, and the Blueberry Products contain actual blueberries.

21       38. In reasonable reliance on Defendant’s representations, and believing that  
22 the Products contain their respective Premium Ingredient, Plaintiff and members of  
23 the Classes purchased the Products.

24       39. Plaintiff and members of the Classes did not know, and had no reason to  
25 know, that the Products do not contain their Premium Ingredient. The Products sold  
26 in-store by Defendant are displayed in a tray behind a glass counter, along with a  
27 small placard in front of each tray that provides the name of the donut variety. The  
28

1 Products appear as if they contain the Premium Ingredients. Defendant does not  
2 provide consumers with access to information on what ingredients are contained in  
3 the Products at the point of sale. Even when consuming the Products, Plaintiff and  
4 other consumers cannot easily decipher whether the filling or glazing they are  
5 consuming contain actual raspberries, blueberries, or maple ingredients because  
6 Defendant has formulated and manufactured the Products in a manner that masks the  
7 absence of such ingredients. Furthermore, as evidenced by **Exhibit A**, a majority of  
8 Defendant's other donuts each contain the premium ingredient(s) advertised in their  
9 respective product names. For example, the Glazed "Lemon Filled" donuts contain  
10 lemon juice, the "Cinnamon Apple Filled" donuts contain both apple and cinnamon,  
11 and the "Glazed Strawberry Filled" donuts contain strawberries. Therefore,  
12 Defendant was not only capable of formulating and manufacturing the Products to  
13 include the Premium Ingredients, but also was, or should have been, aware that the  
14 Products did not contain their respective Premium Ingredients and that its  
15 representations would deceive unsuspecting consumers.

16 40. Because the Products do not contain their respective Premium Ingredient  
17 as represented by Defendant and reasonably expected by Plaintiff and consumers,  
18 Defendant's uniform practice regarding the marketing and sale of the Products was  
19 and continues to be misleading and deceptive.

20 41. Each consumer has been exposed to the same or substantially similar  
21 deceptive practice, as (1) each of the Raspberry Products does not contain actual  
22 raspberry; (2) each of the Maple Products does not contain actual maple syrup or  
23 maple sugar; and (3) each of the Blueberry Products do not contain actual blueberry.

24 42. As noted in paragraph 26, Plaintiff and other consumers have paid an  
25 unlawful premium for the Products. Plaintiff and other consumers would have paid  
26 significantly less for the Products had they known that each of the Products did not  
27 contain the Premium Ingredient represented by Defendant. In the alternative, Plaintiff  
28

1 and other consumers would not have purchased the Products at all had they known  
2 that the Products did not contain the Premium Ingredient represented by Defendant.  
3 Therefore, Plaintiff and other consumers purchasing the Products suffered injury in  
4 fact and lost money as a result of Defendant's false, unfair, and fraudulent practices,  
5 as described herein.

6 43. As a result of their misleading business practice, and the harm caused to  
7 Plaintiff and other consumers, Defendant should be required to pay for all damages  
8 caused to consumers, including Plaintiff. Furthermore, Defendant should be enjoined  
9 from engaging in these deceptive practices.

10 44. Despite being misled by Defendant, Plaintiff would likely purchase the  
11 Products in the future if the Products were reformulated to include the premium  
12 characterizing ingredients.

13 **CLASS ACTION ALLEGATIONS**

14 45. Plaintiff brings this case as a class action that may be properly  
15 maintained under Federal Rule of Civil Procedure 23 on behalf of himself and all  
16 persons in the United States, who within the relevant statute of limitations periods,  
17 purchased any of the Products at a Krispy Kreme store ("Nationwide Class").

18 46. Plaintiff also seeks to represent a subclass defined as all California  
19 residents, who within the relevant statute of limitations periods, purchased any of the  
20 Products at a Krispy Kreme store ("California Subclass").

21 47. Plaintiff also seeks to represent a subclass defined as all California  
22 residents, who within the relevant statute of limitations periods, purchased the  
23 Products for personal, family, or household purposes at a Krispy Kreme store  
24 ("California Consumer Subclass").

25 48. Excluded from the Classes are Defendant, the officers and directors of  
26 the Defendant at all relevant times, members of their immediate families and their  
27 legal representatives, heirs, successors or assigns and any entity in which Defendant  
28

1 has or had a controlling interest. Any judge and/or magistrate judge to whom this  
2 action is assigned and any members of such judges' staffs and immediate families are  
3 also excluded from the Classes. Also excluded from the Classes are persons or  
4 entities that purchased the Products for sole purposes of resale.

5 49. Plaintiff hereby reserves the right to amend or modify the class  
6 definitions with greater specificity or division after having had an opportunity to  
7 conduct discovery.

8 50. Plaintiff is a member of all Classes.

9 51. Numerosity: Defendant has sold millions of units of the Products. The  
10 Products are sold at hundreds of Krispy Kreme store locations across the country.  
11 Accordingly, members of the Classes are so numerous that their individual joinder  
12 herein is impractical. While the precise number of class members and their identities  
13 are unknown to Plaintiff at this time, the number may be determined through  
14 discovery.

15 52. Common Questions Predominate: Common questions of law and fact  
16 exist as to all members of the Classes and predominate over questions affecting only  
17 individual class members. Common legal and factual questions include, but are not  
18 limited to, the following:

- 19 a. Whether the Raspberry Products contain actual raspberries, as  
20 represented by Defendant;
- 21 b. Whether the Maple Products contain actual maple syrup or maple  
22 sugar, as represented by Defendant;
- 23 c. Whether the Blueberry Products contain actual blueberries, as  
24 represented by Defendant;
- 25 d. Whether Plaintiff and other consumers reasonably relied on  
26 Defendant's representations when purchasing the Products; and
- 27 e. Whether Defendant has violated various consumer protection  
28

1 statutes and common laws.

2 53. Typicality: Plaintiff's claims are typical of the claims of the Classes he  
3 seeks to represent in that Plaintiff and members of the Classes were all exposed to the  
4 same or substantially similar false and misleading representations, purchased the  
5 Products relying on the uniform false and misleading representations, and suffered  
6 losses as a result of such purchases.

7 54. Adequacy: Plaintiff is an adequate representative of the Classes because  
8 his interests do not conflict with the interests of the members of the Classes he seeks  
9 to represent, he has retained competent counsel experienced in prosecuting class  
10 actions, and he intends to prosecute this action vigorously. The interests of the  
11 members of the Classes will be fairly and adequately protected by the Plaintiff and  
12 his counsel.

13 55. Superiority: A class action is superior to other available means for the  
14 fair and efficient adjudication of the claims of the members of the Classes. The size  
15 of each claim is too small to pursue individually and each individual Class member  
16 will lack the resources to undergo the burden and expense of individual prosecution  
17 of the complex and extensive litigation necessary to establish Defendant's liability.  
18 Individualized litigation increases the delay and expense to all parties and multiplies  
19 the burden on the judicial system presented by the complex legal and factual issues of  
20 this case. Individualized litigation also presents a potential for inconsistent or  
21 contradictory judgments. The class action mechanism is designed to remedy harms  
22 like this one that are too small in value, although not insignificant, to file individual  
23 lawsuits for.

24 56. This lawsuit is maintainable as a class action under Federal Rule of Civil  
25 Procedure 23(b)(2) because Defendant has acted or refused to act on grounds that are  
26 generally applicable to the class members, thereby making final injunctive relief  
27 appropriate with respect to all Classes.

28

1 57. This lawsuit is maintainable as a class action under Federal Rule of Civil  
2 Procedure 23(b)(3) because the questions of law and fact common to the members of  
3 the Classes predominate over any questions that affect only individual members, and  
4 because the class action mechanism is superior to other available methods for the fair  
5 and efficient adjudication of the controversy.

6 **FIRST CLAIM FOR RELIEF**  
7 **Violation of California’s Consumers Legal Remedies Act (“CLRA”),**  
8 **California Civil Code §§ 1750, et seq.**  
***(for the California Consumer Subclass)***

9 58. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if  
10 fully set forth herein.

11 59. Plaintiff brings this claim individually and on behalf of the members of  
12 the proposed California Consumer Subclass against Defendant.

13 60. The Products are “goods” within the meaning of Cal. Civ. Code §  
14 1761(a), and the purchases of such products by Plaintiff and members of the  
15 California Consumer Subclass constitute “transactions” within the meaning of Cal.  
16 Civ. Code § 1761(e).

17 61. Cal. Civ. Code § 1770(a)(5) prohibits “[r]epresenting that goods or  
18 services have sponsorship, approval, characteristics, ingredients, uses, benefits, or  
19 quantities which they do not have . . . .” By naming the Products with names indicating  
20 the presence of Premium Ingredients, Defendant has represented and continues to  
21 represent that each of the Products has a Premium Ingredient which it does not have.  
22 Therefore, Defendant has violated section 1770(a)(5) of the CLRA.

23 62. Cal. Civ. Code § 1770(a)(9) prohibits “[a]dvertising goods or services  
24 with intent not to sell them as advertised.” By advertising the Products with names  
25 indicating the presence of Premium Ingredients, and then intentionally not selling the  
26 Products to meet the expectations that they contain Premium Ingredients, Defendant has  
27 violated section 1770(a)(9) of the CLRA.

28

1           63. At all relevant times, Defendant knew or reasonably should have known  
2 that each of the Products did not contain its Premium Ingredient, and that Plaintiff  
3 and other members of the California Consumer Subclass would reasonably and  
4 justifiably rely on the representations about the Products in purchasing them.

5           64. Plaintiff and members of the California Consumer Subclass reasonably  
6 and justifiably relied on Defendant's misleading and fraudulent representations about  
7 the Products when purchasing them. Moreover, based on the very materiality of  
8 Defendant's fraudulent and misleading conduct, reliance on such conduct as a  
9 material reason for the decision to purchase the Products may be presumed or  
10 inferred for Plaintiff and members of California Consumer Subclass.

11           65. Plaintiff and members of the California Consumer Subclass suffered  
12 injuries caused by Defendant because they would not have purchased the Products or  
13 would have paid significantly less for the Products, had they known that Defendant's  
14 conduct was misleading and fraudulent.

15           66. Under Cal. Civ. Code § 1780(a), Plaintiff and members of the California  
16 Consumer Subclass seek damages, restitution, declaratory and injunctive relief, and  
17 all other remedies the court deems appropriate for Defendant's violations of the  
18 CLRA.

19           67. Pursuant to Cal. Civ. Code § 1782, on August 23, 2016, counsel for  
20 Plaintiff mailed a notice and demand letter by certified mail, with return receipt  
21 requested, to Defendant.<sup>17</sup> Defendant received the notice and demand letter on  
22 August 26, 2016. On October 6, 2016, counsel for Plaintiff mailed a supplemental  
23 notice and demand letter to Defendant.<sup>18</sup> Defendant received the notice and demand  
24 letter on October 10, 2016. Because Defendant has failed to fully rectify or remedy  
25 the damages caused within 30 days after receipt of both notice and demand letters,  
26 Plaintiff is timely filing this Class Action Complaint.

27 <sup>17</sup> See Exhibit "B."

**SECOND CLAIM FOR RELIEF**  
**Violation of California’s Unfair Competition Law (“UCL”),**  
**California Business & Professions Code §§ 17200, et seq.**  
*(for the California Subclass and California Consumer Subclass)*

68. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if fully set forth herein.

69. Plaintiff brings this claim individually and on behalf of the members of the proposed California Subclass and California Consumer Subclass against Defendant.

70. UCL §17200 provides, in pertinent part, that “unfair competition shall mean and include unlawful, unfair or fraudulent business practices and unfair, deceptive, untrue or misleading advertising . . . .”

71. Under the UCL, a business act or practice is “unlawful” if it violates any established state or federal law.

72. Defendant’s false and misleading advertising of the Products therefore was and continues to be “unlawful” because it violates the CLRA, California’s False Advertising Law (“FAL”), and other applicable laws as described herein.

73. As a result of Defendant’s unlawful business acts and practices, Defendant has unlawfully, unfairly and/or fraudulently obtained money from Plaintiff, and members of both the California Subclass and California Consumer Subclass.

74. Under the UCL, a business act or practice is “unfair” if the Defendant’s conduct is substantially injurious to consumers, offends public policy, and is immoral, unethical, oppressive, and unscrupulous, as the benefits for committing such acts or practices are outweighed by the gravity of the harm to the alleged victims.

75. Defendant’s conduct was and continues to be of no benefit to purchasers of the Products, as it is misleading, unfair, unlawful, and is injurious to consumers who rely on the representations about the Products but do not get what they were

1 expecting. Deceiving consumer about the presence of Premium Ingredients is of no  
2 benefit to the consumers, especially when they are paying a premium for the  
3 Products. Therefore, Defendant's conduct was and continues to be "unfair."

4 76. As a result of Defendant's unfair business acts and practices, Defendant  
5 has and continues to unfairly obtain money from Plaintiff, and members of both the  
6 California Subclass and California Consumer Subclass.

7 77. Under the UCL, a business act or practice is "fraudulent" if it actually  
8 deceives or is likely to deceive members of the consuming public.

9 78. Defendant's conduct here was and continues to be fraudulent because it  
10 has and will continue to likely deceive consumers into believing that the Products  
11 contains the Premium Ingredients, when they do not. Because Defendant misled and  
12 will likely continue to mislead Plaintiff and members of both the California Subclass  
13 and California Consumer Subclass, Defendant's conduct was "fraudulent."

14 79. As a result of Defendant's fraudulent business acts and practices,  
15 Defendant has and continues to fraudulently obtain money from Plaintiff, and  
16 members of both the California Subclass and California Consumer Subclass.

17 80. Plaintiff requests that this Court cause Defendant to restore this  
18 unlawfully, unfairly, and fraudulently obtained money to Plaintiff, and members of  
19 both the California Subclass and California Consumer Subclass, to disgorge the  
20 profits Defendant made on these transactions, and to enjoin Defendant from violating  
21 the UCL or violating it in the same fashion in the future as discussed herein.  
22 Otherwise, Plaintiff, and members of both the California Subclass and California  
23 Consumer Subclass may be irreparably harmed and/or denied an effective and  
24 complete remedy if such an order is not granted.

**THIRD CLAIM FOR RELIEF**  
**Violation of California’s False Advertising Law (“FAL”),**  
**California Business & Professions Code §§ 17500, et seq**  
*(for the California Subclass and California Consumer Subclass)*

81. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if fully set forth herein.

82. Plaintiff brings this claim individually and on behalf of the members of the proposed California Subclass and California Consumer Subclass against Defendant.

83. California’s FAL makes it “unlawful for any person to make or disseminate or cause to be made or disseminated before the public . . . in any advertising device . . . or in any other manner or means whatever, including over the Internet, any statement, concerning . . . personal property or services professional or otherwise, or performance or disposition thereof, which is untrue or misleading and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading.”

84. Defendant has represented and continues to represent to the public, including Plaintiff and members of both the California Subclass and California Consumer Subclass, that the Products contain Premium Ingredients. Defendant’s representations are false and misleading because the Raspberry Products do not contain raspberry, the Maple Products do not contain maple syrup or maple sugar, and the Blueberry Products do not contain blueberry. Because Defendant has disseminated false and misleading information regarding their Products, and Defendant knew, or should have known through the exercise of reasonable care, that the information was and continues to be false and misleading, Defendant has violated the FAL and continues to do so.

85. As a result of Defendant’s false advertising, Defendant has and continues to fraudulently obtain money from Plaintiff and members of both the

1 California Subclass and California Consumer Subclass.

2 86. Plaintiff requests that this Court cause Defendant to restore this  
3 fraudulently obtained money to Plaintiff and members of both the California Subclass  
4 and California Consumer Subclass, to disgorge the profits Defendant made on these  
5 transactions, and to enjoin Defendant from violating the FAL or violating it in the  
6 same fashion in the future as discussed herein. Otherwise, Plaintiff and members of  
7 both the California Subclass and California Consumer Subclass may be irreparably  
8 harmed and/or denied an effective and complete remedy if such an order is not  
9 granted.

10 **FOURTH CLAIM FOR RELIEF**  
11 **Breach of Express Warranty,**  
12 **California Commercial Code § 2313**

13 *(for the California Subclass and California Consumer Subclass)*

14 87. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if  
15 fully set forth herein.

16 88. Plaintiff brings this claim individually and on behalf of the members of  
17 the proposed California Subclass and California Consumer Subclass against  
18 Defendant.

19 89. California Commercial Code § 2313 provides that “(a) Any affirmation  
20 of fact or promise made by the seller to the buyer which relates to the goods and  
21 becomes part of the basis of the bargain creates an express warranty that the goods  
22 shall conform to the affirmation or promise,” and “(b) Any description of the goods  
23 which is made part of the basis of the bargain creates an express warranty that the  
24 goods shall conform to the description.” Cal. Com. Code § 2313.

25 90. Defendant has expressly warranted that the Raspberry Products contain  
26 actual raspberries, that the Maple Products contain actual maple ingredients, and that  
27 the Blueberry Products contain actual blueberry. These representations about the  
28 Products: (1) are affirmations of fact or promises made by Defendant to consumers

1 that the Products do in fact contain the Premium Ingredients; (2) became part of the  
2 basis of the bargain to purchase the Products; and (3) created an express warranty that  
3 the Products would conform to these affirmations of fact or promises. In the  
4 alternative, the representations about the Products are descriptions of goods which  
5 were made as part of the basis of the bargain to purchase the Products, and which  
6 created an express warranty that the Products would conform to the product  
7 descriptions.

8 91. Plaintiff and members of both the California Subclass and California  
9 Consumer Subclass reasonably and justifiably relied on the foregoing express  
10 warranties, believing that that the Products did in fact conform to these warranties.

11 92. Defendant has breached the express warranties made to Plaintiff and  
12 members of both the California Subclass and California Consumer Subclass by  
13 failing to formulate, manufacture, and sell the Products to satisfy those warranties.

14 93. Plaintiff and members of both the California Subclass and California  
15 Consumer Subclass paid a premium price for the Products but did not obtain the full  
16 value of the Products as represented. If Plaintiff and members of both the California  
17 Subclass and California Consumer Subclass had known of the true nature of the  
18 Products, they would not have purchased the Products or would not have been willing  
19 to pay the premium price associated with Products.

20 94. As a result, Plaintiff and members of both the California Subclass and  
21 California Consumer Subclass suffered injury and deserve to recover all damages  
22 afforded under the law.

23  
24 **FIFTH CLAIM FOR RELIEF**  
25 **Breach of Implied Warranty,**  
26 **California Commercial Code § 2314**  
*(for the California Subclass and California Consumer Subclass)*

27 95. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if  
28 fully set forth herein.

1 96. Plaintiff brings this claim individually and on behalf of the members of  
2 the proposed California Subclass and California Consumer Subclass against  
3 Defendant.

4 97. California Commercial Code § 2314(1) provides that “a warranty that  
5 the goods shall be merchantable is implied in a contract for their sale if the seller is a  
6 merchant with respect to goods of that kind.” Cal. Com. Code § 2314(1).

7 98. Furthermore, California Commercial Code § 2314(2) provides that  
8 “[g]oods to be merchantable must be at least such as... (f)[c]onform to the promises  
9 or affirmations of fact made on the container or label if any.” Cal. Com. Code §  
10 2314(2)(f).

11 99. Defendant is a merchant with respect to the sale of doughnuts, including  
12 the Products. Therefore, a warranty of merchantability is implied in every contract  
13 for sale of the Products to California consumers.

14 100. In naming the Products using their respective Premium Ingredients,  
15 Defendant has provided a promise or affirmation of fact to California, that the  
16 Products do in fact contain the Premium Ingredients.

17 101. However, the Products do not contain the Premium Ingredients that  
18 Defendant promises that they contain.

19 102. Therefore, Defendant has breached its implied warranty of  
20 merchantability in regard to the Products.

21 103. If Plaintiff and members of both the California Subclass and California  
22 Consumer Subclass had known that the Products did not conform to Defendant’s  
23 contract descriptions, they would not have purchased the Products, would have  
24 purchased less of the products, or would not have been willing to pay the premium  
25 price associated with Products. Therefore, as a direct and/or indirect result of  
26 Defendant’s breach, Plaintiff and members of both the California Subclass and  
27 California Consumer Subclass have suffered injury and deserve to recover all  
28

1 damages afforded under the law.

2  
3 **SIXTH CLAIM FOR RELIEF**  
4 **Common Law Fraud**  
*(for the Classes)*

5 104. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if  
6 fully set forth herein.

7 105. Plaintiff brings this claim individually and on behalf of the members of  
8 the Classes against Defendant.

9 106. Defendant has willfully, falsely, and knowingly formulated the Products  
10 without the presence of the Premium Ingredients. Contrary to their formulation,  
11 however, Defendant has intentionally represented that the Products contain Premium  
12 Ingredients. Therefore Defendant has made misrepresentations as to the Products.

13 107. Defendant's misrepresentations were material (i.e., the type of  
14 misrepresentations to which a reasonable person would attach importance and would  
15 be induced to act thereon in making purchase decisions), because they relate to the  
16 contents of the Products.

17 108. Defendant knew or recklessly disregarded the fact that the Products did  
18 not in fact contain the Premium Ingredients, as represented.

19 109. Defendant intended that Plaintiff and others consumers rely on these  
20 representations, as evidenced by the appearance of each of the Products as well as  
21 Defendant's simple placard names for each of the Products, without further  
22 description of the Products. Furthermore, Krispy Kreme stores do not provide  
23 customers with a readily available list of ingredients for any of their products.

24 110. Plaintiff and members of the Classes have reasonably and justifiably  
25 relied on Defendant's misrepresentations when purchasing the Products and had the  
26 correct facts been known, would not have purchased the Products or would not have  
27 purchased them at the prices at which they were offered.

1 111. Therefore, as a direct and proximate result of Defendant's fraud,  
2 Plaintiff and members of the Classes have suffered economic losses and other general  
3 and specific damages, including but not limited to the amounts paid for the Products,  
4 and any interest that would have accrued on those monies, all in an amount to be  
5 proven at trial.

6 **SEVENTH CLAIM FOR RELIEF**  
7 **Intentional Misrepresentation**  
8 ***(for the Classes)***

9 112. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if  
10 fully set forth herein.

11 113. Plaintiff brings this claim individually and on behalf of the members of  
12 the Classes against Defendant.

13 114. Defendant has marketed Products in a manner indicating that the  
14 Products contain the Premium Ingredients. However, the Products do not contain the  
15 Premium Ingredients. Therefore Defendant has made misrepresentations as to the  
16 Products.

17 115. Defendant's representations regarding the Products are material to a  
18 reasonable consumer because they relate to the content of the Products purchased by  
19 the consumer. A reasonable consumer would attach importance to such  
20 representations and would be induced to act thereon in making purchase decisions.

21 116. At all relevant times when such misrepresentations were made,  
22 Defendant knew that the representations were false and misleading, or has acted  
23 recklessly in making the representations and without regard to the truth.

24 117. Defendant intends that Plaintiff and others consumers rely on the  
25 representations made about the Products, as evidenced by Defendant using the names  
26 of the Premium Ingredients in the names of the various Products and then making the  
27 Products appear to contain the Premium Ingredients.

1 118. Plaintiff and members of the Classes have reasonably and justifiably  
2 relied on Defendant's intentional misrepresentations when purchasing the Products,  
3 and had the correct facts been known, would not have purchased the Products or  
4 would not have purchased them at the prices at which they were offered.

5 119. Therefore, as a direct and proximate result of Defendant's intentional  
6 misrepresentations, Plaintiff and members of the Classes have suffered economic  
7 losses and other general and specific damages, including but not limited to the  
8 amounts paid for the Products, and any interest that would have accrued on those  
9 monies, all in an amount to be proven at trial.

10 **EIGHTH CLAIM FOR RELIEF**  
11 **Negligent Misrepresentation**  
12 ***(for the Classes)***

13 120. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if  
14 fully set forth herein.

15 121. Plaintiff brings this claim individually and on behalf of the members of  
16 the Classes against Defendant.

17 122. Defendant has marketed Products in a manner indicating that the  
18 Products contain the Premium Ingredients. However, the Products do not contain the  
19 Premium Ingredients. Therefore Defendant has made misrepresentations as to the  
20 Products.

21 123. Defendant's representations regarding the Products are material to a  
22 reasonable consumer because they relate to the content of the Products received by  
23 the consumer. A reasonable consumer would attach importance to such  
24 representations and would be induced to act thereon in making purchase decisions.

25 124. At all relevant times when such misrepresentations were made,  
26 Defendant knew or has been negligent in not knowing that that the representations  
27 were false and misleading. Defendant has no reasonable grounds for believing its  
28

1 representations were not false and misleading.

2 125. Defendant intended and intends that Plaintiff and others consumers rely  
3 on the representations made about the Products, as evidenced by Defendant using the  
4 names of the Premium Ingredients in the names of the various Products, and then  
5 making the Products appear to contain the Premium Ingredients.

6 126. Plaintiff and members of the Classes have reasonably and justifiably  
7 relied on Defendant's negligent misrepresentations when purchasing the Products,  
8 and had the correct facts been known, would not have purchased the Products or  
9 would not have purchased them at the prices at which they were offered.

10 127. Therefore, as a direct and proximate result of Defendant's negligent  
11 misrepresentations, Plaintiff and members of the Classes have suffered economic  
12 losses and other general and specific damages, including but not limited to the  
13 amounts paid for the Products, and any interest that would have accrued on those  
14 monies, all in an amount to be proven at trial.

15  
16 **NINTH CLAIM FOR RELIEF**  
**Breach of Contract**  
17 ***(for the Classes)***

18 128. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if  
19 fully set forth herein.

20 129. Plaintiff brings this claim individually and on behalf of the members of  
21 the Classes against Defendant.

22 130. In purchasing the Products, Plaintiff and members of the Classes have  
23 formed valid contracts that are supported by sufficient consideration, pursuant to  
24 which Defendant is obligated to provide Raspberry Products that contain actual  
25 raspberry, Maple Products that contain actual maple syrup or maple sugar, and  
26 Blueberry Products that contain actual blueberry.

27 131. Defendant materially breached its contracts with Plaintiff and members  
28

1 of the Classes by selling Raspberry Products that do not contain actual raspberry,  
2 Maple Products that do not contain actual maple syrup or maple sugar, and Blueberry  
3 Products that do not contain actual blueberry.

4 132. As a direct and proximate result of Defendant's breaches, Plaintiff and  
5 members of the Classes were damaged in that they received products with less value  
6 than the amounts paid. Moreover, Plaintiff and members of the Classes have suffered  
7 economic losses and other general and specific damages, including but not limited to  
8 the amounts paid for the Products, and any interest that would have accrued on those  
9 monies, all in an amount to be proven at trial.

10 **TENTH CLAIM FOR RELIEF**  
11 **Quasi Contract/Unjust Enrichment/Restitution**  
12 ***(for the Classes)***

13 133. Plaintiff repeats the allegations contained in paragraphs 1-57 above as if  
14 fully set forth herein.

15 134. Plaintiff brings this claim individually and on behalf of the members of  
16 the Classes against Defendant.

17 135. As alleged herein, Defendant intentionally and recklessly made  
18 misleading representations about the Products to Plaintiff and members of the Classes  
19 to induce them to purchase the Products. Plaintiff and members of the Classes have  
20 reasonably relied on the misleading representations and have not received all of the  
21 benefits promised by Defendant. Plaintiff and members of the Classes therefore have  
22 been induced by Defendant's misleading and false representations about the Products,  
23 and paid for them when they would and/or should not have, or paid more money to  
24 Defendant for the Products than they otherwise would and/or should have paid.

25 136. Plaintiff and members of the Classes have conferred a benefit upon  
26 Defendant as Defendant has retained monies paid to them by Plaintiff and members  
27 of the Classes.

1 137. The monies received were obtained under circumstances that were at the  
2 expense of Plaintiff and members of the Classes – i.e., Plaintiff and members of the  
3 Classes did not receive the full value of the benefit conferred upon Defendant.

4 138. Therefore, it is inequitable and unjust for Defendant to retain the profit,  
5 benefit, or compensation conferred upon it without paying Plaintiff and the members  
6 of the Classes back for the difference of the full value of the benefit compared to the  
7 value actually received.

8 139. As a direct and proximate result of Defendant’s unjust enrichment,  
9 Plaintiff and members of the Classes are entitled to restitution, disgorgement, and/or  
10 the imposition of a constructive trust upon all profits, benefits, and other  
11 compensation obtained by Defendant from its deceptive, misleading, and unlawful  
12 conduct as alleged herein.

13  
14 **PRAYER FOR RELIEF**

15 WHEREFORE, Plaintiff, individually and on behalf of all others  
16 similarly situated, seeks judgment against Defendant, as follows:

17 a) For an order certifying the Nationwide Class, the California Subclass,  
18 and the California Consumer Subclass, under Rule 23 of the Federal Rules of Civil  
19 Procedure; naming Plaintiff as representative of all Classes; and naming Plaintiff’s  
20 attorneys as Class Counsel to represent all Classes.

21 b) For an order declaring that Defendant’s conduct violates the statutes  
22 and laws referenced herein;

23 c) For an order finding in favor of Plaintiff, and all Classes, on all counts  
24 asserted herein;

25 d) For an order awarding all compensatory and punitive damages,  
26 including under the California Consumers Legal Remedies Act on behalf of the  
27 California Consumer Subclass, in amounts to be determined by the Court and/or  
28

1 jury;

2 e) For prejudgment interest on all amounts awarded;

3 f) For interest on the amount of any and all economic losses, at the  
4 prevailing legal rate;

5 g) For an order of restitution and all other forms of equitable monetary  
6 relief;

7 h) For injunctive relief as pleaded or as the Court may deem proper;

8 i) For an order awarding Plaintiff and all Classes their reasonable  
9 attorneys' fees, expenses and costs of suit, including as provided by statute such as  
10 under California Code of Civil Procedure section 1021.5; and

11 j) For any other such relief as the Court deems just and proper.

1 **CLRA Venue Declaration Pursuant to California Civil Code Section 1780(d)**

2 I, Jason Saidian, declare as follows:

3 1. I am the Plaintiff in this action and a citizen of the State of California. I  
4 have personal knowledge of the facts stated herein and, if called as a witness, I could  
5 testify competently thereto.

6 2. This Class Action Complaint is filed in the proper place of trial because I  
7 purchased the Products in this District, and Defendant conducts a substantial amount  
8 of business in this District.

9 3. In 2015, I have purchased the Products from a Krispy Kreme store in  
10 Santa Monica, CA.

11 I declare under penalty of perjury under the laws of the State of California that  
12 the foregoing is true and correct, executed on November 9, 2016 at Los Angeles,

*Re: Class Action Notification and Pre-Lawsuit Demand Pursuant to California Civil Code Section 1782 and All Other Applicable Laws Requiring Pre-Suit Notice, Concerning Krispy Kreme Doughnuts, Inc.*

Dear Madam or Sir:

Please be advised that Faruqi & Faruqi, LLP represents Jason Saidian (“Client”), purchaser of, *inter alia*, Krispy Kreme “Raspberry Filled” and “Maple Iced Glazed” doughnuts. Our Client seeks to represent a class of consumers (“Class”) who, within the relevant time period,<sup>1</sup> purchased any Krispy Kreme “Raspberry Filled” doughnut and/or “Maple Iced Glazed” doughnut from a Krispy Kreme store (the “Raspberry Products” and “Maple Products” respectively) (herein collectively referred to as the “Products”). This letter provides Krispy Kreme Doughnuts, Inc. (“Defendant”) with notice and demand for corrective action. All further communications intended for our Client must be directed through this office. Furthermore, this demand and notice letter is meant to comply with the requirements of *California Civil Code* §1782, and all other laws requiring a pre-suit demand and notice prior to litigation, on behalf of our Client and all others similarly situated should this matter proceed to litigation.

During the relevant time period, Defendant advertised, marketed and sold the Raspberry Products as “Raspberry Filled,” representing that the Raspberry Products were filled with actual raspberries. Furthermore, during the relevant time period, Defendant advertised, marketed and sold the Maple Products as “Maple Iced Glazed,” representing that the Maple Products were glazed with actual maple sugar or maple syrup. These representations are false and misleading, as the Raspberry Products **do not** contain any raspberries and the Maple Products **are not** glazed with any maple syrup or maple sugar.

Jason Saidian, a consumer residing in California, has purchased, *inter alia*, the Raspberry Products and Maple Products from the Krispy Kreme store in Santa Monica, California based on the representations that the Raspberry Products are “Raspberry Filled” and the Maple Products are “Maple Iced Glazed.” Mr. Saidian reasonably understood these representations to mean that the Raspberry Products are filled with actual raspberries and the Maple Products are glazed with

---

<sup>1</sup> From four (4) years prior to the date of a prospective complaint filed by our Client.

actual maple syrup or maple sugar. After years of purchasing the Products, Mr. Saidian learned that the representations that induced him to purchase the Products were false and misleading.

These business practices violate several California consumer protection statutes and laws. Pursuant to *California Civil Code* §1782(a)(1), our Client and the Class further provide notice that they believe Defendant has violated, and continues to violate the California Consumers Legal Remedies Act (“CLRA”), and specifically *California Civil Code* §1770, in at least the following manner:

1. Representing that goods or services have sponsorship, approval, characteristics, ingredients, uses, benefits, or quantities which they do not have or that a person has a sponsorship, approval, status, affiliation, or connection which he or she does not have (Section 1770(a)(5));
2. Advertising goods or services with intent not to sell them as advertised (Section 1770(a)(9)).

It is our opinion that Defendant has also violated and continues to violate California Business and Professions Code Sections 17200 and 17500, in addition to common law and other statutory violations.

This letter not only serves as notification of Defendant’s alleged violations of *California Civil Code* §1770 as outlined above, but also as our Client’s demand, and the demand of all others similarly situated, that Defendant immediately correct, repair, refund and otherwise rectify the violations of § 1770 and the other statutes and causes of action referenced above, on a class-wide basis.

To cure the harmful conduct noted herein, we demand that Defendant: (1) cease and desist from marketing and selling of the Products in a false and misleading manner; (2) issue an immediate recall of the Products; and (3) make full restitution to the Class of all money obtained from the sales thereof.

We further demand that you preserve all documents emails, other electronically stored information and other evidence which refer or relate to any of the above-described practices, including, but not limited to:

1. All documents concerning the development and/or testing of the Products;
2. All documents concerning the recipe and/or formula for the Products, pursuant to 21 C.F.R. 101.11(c)(3)(i);
3. All documents concerning the advertisement, promotion, marketing and sale of the Products;

4. All documents concerning communications with any individual involved in the marketing, advertising, promotion, and/or sale of the Products;
5. All documents concerning communications with purchasers of the Products;
6. All documents concerning the sales volume of the Products (in units and/or dollars), and the revenues derived therefrom; and
7. All documents concerning the identities and location of potential Class members who purchased the Products.

Further, this letter serves as a thirty (30) day notice and demand requirement under §1782 for damages. Accordingly, should Defendant fail to rectify the unfair and deceptive scheme within thirty (30) days of receipt of this letter, our Client will file his complaint for actual damages, punitive damages, and all other damages permitted under the CLRA and the other statutes and causes of action available to him, along with interest, attorneys' fees and costs for Defendant's violations.

We are willing to discuss an appropriate way to remedy the demands asserted in this letter. If Defendant wishes to enter into such a discussion, please contact our firm immediately. If we do not hear from Defendant promptly, we will conclude that Defendant is not interested in resolving this dispute short of litigation in the form of a class action lawsuit. If Defendant contends that any statement in this letter is inaccurate in any respect, please provide our firm with Defendant's contentions and supporting documents promptly.

Please contact the undersigned if there are any questions or concerns.

Sincerely,

Barbara A. Rohr

Re: *Supplemental Class Action Notification and Pre-Lawsuit Demand Pursuant to California Civil Code Section 1782 and All Other Applicable Laws Requiring Pre-Suit Notice, Concerning Krispy Kreme Doughnuts, Inc.*

Dear Madam or Sir:

We write to supplement our notice and demand letter dated August 23, 2016. Please be advised that Faruqi & Faruqi, LLP represents Jason Saidian (“Client”), a purchaser of, *inter alia*, Krispy Kreme “Glazed Blueberry Cake” doughnuts.<sup>1</sup> Our Client seeks to also represent a class of consumers (“Class”) who, within the relevant time period,<sup>2</sup> purchased the “Glazed Blueberry Cake”<sup>3</sup> doughnut and the “Glazed Blueberry Cake” doughnut holes (the “Blueberry Products”). This letter provides Krispy Kreme Doughnuts, Inc. (“Defendant”) with additional notice and demand for corrective action. All further communications intended for our Client must be directed through this office. Furthermore, this demand and notice letter is meant to comply with the requirements of *California Civil Code* §1782, and all other laws requiring a pre-suit demand and notice prior to litigation, on behalf of our Client and all others similarly situated should this matter proceed to litigation.

During the relevant time period, Defendant formulated, manufactured, advertised, marketed and sold the Blueberry Products under the descriptive name “Blueberry Cake” and manufactured the Blueberry Products with imitation blueberries<sup>4</sup> that resemble actual blueberries due to their round shape and blue color. Defendant has therefore represented that the Blueberry Products contain actual blueberries. These representations are false and misleading, as the Blueberry Products do not contain any blueberries and instead contain imitation blueberry made from sugar and artificial food coloring.

Mr. Saidian, a consumer residing in California, has purchased, *inter alia*, the Glazed Blueberry Cake doughnut from a Krispy Kreme store in Santa Monica, California based on the representation that the Blueberry Products are “Blueberry Cake” doughnuts and based on

---

<sup>1</sup> In addition to the Raspberry Products and Maple Products referenced in our notice letter dated August 23, 2016.

<sup>2</sup> From four (4) years prior to the date of a prospective complaint filed by our Client.

<sup>3</sup> Other variations of the product name include “Very Blueberry Cake.”

<sup>4</sup> Krispy Kreme’s Nutritional Facts sheet refers to these as “blueberry gumbits.”

Defendant's formulating, manufacturing, and marketing the Blueberry Products with imitation blueberries that highly resemble actual blueberries due to their round shape and blue color. Mr. Saidian reasonably understood these representations to mean that the Blueberry Products contain actual blueberries. After purchasing the Blueberry Products, Mr. Saidian learned that the representations that induced him to purchase the Blueberry Products were false and misleading.

These business practices violate several California consumer protection statutes and laws. Pursuant to *California Civil Code* §1782(a)(1), our Client and the Class further provide notice that they believe Defendant has violated, and continues to violate the California Consumers Legal Remedies Act ("CLRA"), and specifically *California Civil Code* §1770, in at least the following manner:

1. Representing that goods or services have sponsorship, approval, characteristics, ingredients, uses, benefits, or quantities which they do not have or that a person has a sponsorship, approval, status, affiliation, or connection which he or she does not have (Section 1770(a)(5));
2. Advertising goods or services with intent not to sell them as advertised (Section 1770(a)(9)).

It is our opinion that Defendant has also violated and continues to violate California Business and Professions Code Sections 17200 and 17500, in addition to common law and other statutory violations.

This letter not only serves as notification of Defendant's alleged violations of *California Civil Code* §1770 as outlined above, but also as our Client's demand, and the demand of all others similarly situated, that Defendant immediately correct, repair, refund and otherwise rectify the violations of § 1770 and the other statutes and causes of action referenced above, on a class-wide basis.

To cure the harmful conduct noted herein, we demand that Defendant: (1) cease and desist from marketing and selling of the Blueberry Products in a false and misleading manner; (2) issue an immediate recall of the Blueberry Products; and (3) make full restitution to the Class of all money obtained from the sales thereof.

We further demand that you preserve all documents emails, other electronically stored information and other evidence which refer or relate to any of the above-described practices, including, but not limited to:

1. All documents concerning the development and/or testing of the Blueberry Products;

2. All documents concerning the recipe and/or formula for the Blueberry Products, pursuant to 21 C.F.R. 101.11(c)(3)(i);
3. All documents concerning the advertisement, promotion, marketing and sale of the Blueberry Products;
4. All documents concerning communications with any individual involved in the marketing, advertising, promotion, and/or sale of the Blueberry Products;
5. All documents concerning communications with purchasers of the Blueberry Products;
6. All documents concerning the sales volume of the Blueberry Products (in units and/or dollars), and the revenues derived therefrom; and
7. All documents concerning the identities and location of potential Class members who purchased the Blueberry Products.

Further, this letter serves as a thirty (30) day notice and demand requirement under §1782 for damages. Accordingly, should Defendant fail to rectify the unfair and deceptive scheme within thirty (30) days of receipt of this letter, our Client will file his complaint for actual damages, punitive damages, and all other damages permitted under the CLRA and the other statutes and causes of action available to him, along with interest, attorneys' fees and costs for Defendant's violations.

We are willing to discuss an appropriate way to remedy the demands asserted in this letter. If Defendant wishes to enter into such a discussion, please contact our firm immediately. If we do not hear from Defendant promptly, we will conclude that Defendant is not interested in resolving this dispute short of litigation in the form of a class action lawsuit. If Defendant contends that any statement in this letter is inaccurate in any respect, please provide our firm with Defendant's contentions and supporting documents promptly.

Please contact the undersigned if there are any questions or concerns.

Sincerely,
